## Jury Acquits Former County Supervisor

The two-day trial of a former county supervisor ended late Friday night when the 11-man, one-woman jury found Charles A. Russ III not guilty of charges of embezzlement and fraud against the county. Russ was indicted by a county grand jury in January and charged with fraud for allegedly using county labor and equipment to dig a canal on his residential property in the Pearl River community. Progress of the trial was delayed Thursday when defense attorney Boyce Holleman filed a motion with Judge Floyd Logan to remove John Scaffide Jr., an intern in the district attorney's office, from participation in the case. Holleman described Scaffide repeatedly as "a fine young

man from one of the leading families in Hancock County," but said he felt that the young lawyer was so well known here that his presence would influence the jury.

State prosecuting attorney Harold DeMetz made an objection to the motion and filed a counter motion asking that Mrs. Russ be removed from sitting at the counsel's table. In defending his retention of Scaffide, DeMetz argued that, after serving "as a fine district attorney for 20 years", Holleman was as well known as Scaffide.

Judge Logan overruled both motions. First state's witnesses called to the stand were Miss Marie Quintini, county chancery clerk from 1964 to 1971 and in office during Russ' tenure as supervisor, and present Chancery Clerk John Rutherford Jr. Through their testimonies, DeMetz attempted to establish Russ' ownership of the property on which the canal was allegedly dug in October and November

1971 by Ola Eugene Moran, a county employee. A third witness, Rufus Dawsey, testified that he had supervised the operation as beat one road foreman. Dawsey, who said he had worked for the county for 12 years in that capacity under several supervisors including Russ' parents, stated that Russ had directed him to have the ditch cleaned as it was clogged and causing rain water to flood public roads and parks in the area.

An even dozen pictures of ditches in other sections of beat one, submitted as evidence by Holleman, brought objections from DeMetz as being irrelevant to the case, which in turn precipitated an exchange between the two counsels. The jury was excused for the third time while the relevancy of the photographs was established. Logan ruled that the pictures may be used as admissible evidence on a restricted basis.

The first witness called to the stand Friday morning was Ola Eugene Moran, who testified that he had spent the better part of the two-months clearing the ditch as he had to leave frequently to work elsewhere in the beat. Under questioning by Holleman, Moran, a dragline operator,

said that as far as he knew some sections of other county ditches he had cleaned were on private property. Holleman referred to a state law which he said decrees that all waters and bottom lands affected by the ebb and flow of the tide cannot be considered exclusive private property.

Holleman also cited a state law governing supervisors which empowers a supervisor to enter private property to maintain public roads and ditches when necessary for the betterment of the general populace. The state called witnesses in support of the contention that Russ used county labor and equipment to considerably enlarge the ditch, which was proven to have been in existence since 1923, for his own personal gain and proposed use as a boat canal.

Following Moran's lengthy testimony under examination and cross-examination by DeMetz and Holleman the defense attorney petitioned the court to sustain a motion for dismissal of the case. The motion brought an objection from Norman Breland, another assistant district attorney, who stated that the motion was "quash the indictment" and "rule on the grand jury's indictment." Breland said, "What you have here is testimony showing that a canal was dug in October that was not there before (referring to a 60 foot wide by 700-foot long section extended onto Russ' property). If that is the point in question, and the jury should not be denied the right to render a decision on the charge."

In answering the plea for dismissal, Logan said in his opinion testimony did show that digging the ditch performed some public benefit, but the jury should decide

### City Calls Election On NDP Proposal

Another referendum on the proposed Neighborhood Development Program has been called for December 14 by Bay St. Louis city officials. Mayor Warren Carver and Commissioner Frisbie voted Tuesday in favor of the election although Commissioner Andre Arceneaux opposed the move, asking that the referendum be held during next year's municipal elections.

"I'm afraid that some people voted against the program because they were voting against us," Arceneaux commented, "and I don't want that to happen again." Arceneaux said that if the referendum were held next summer, the people would judge the program on its merits alone.

The first referendum, held on September 26, 1972, was defeated by a vote of 422 to 416.

During a recessed meeting Friday morning, Mayor Carver and Commissioner Arceneaux voted to allow St. Stanislaus to borrow the city's hydraulic sewer cleaner in order to clear a drain on Stanislaus' property. Brother Pierre St. Pierre, president of St. Stanislaus, appeared before the council requesting use of the cleaner. Commissioner Frisbie voted against the motion.

In other action, Conrad Mauffray was appointed election commissioner to replace Morris Miller who recently resigned that post.

### City Plans Pier Construction

The City of Bay St. Louis has made application to the U.S. Army Corps of Engineers to construct a pier at the foot of Dunbar Ave. Plans call for the city to "Construct a pier 5 ft. wide extending 217 ft. into the Bay with a 18 ft. x 34 ft. "T" 99 ft. from the shoreline and a 18 ft. x 10 ft. "T" at the outboard end. Work will front applicant's property at the foot of Dunbar Avenue in the City of Bay St. Louis, Hancock County, Mississippi."

A public notice is being distributed to all known interested persons in order to assist in developing facts on which a decision by the Corps of Engineers can be based. For accuracy and completeness of the record, all data in support of or in opposition to the proposed work should be submitted in writing setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision as to whether a permit will be issued will be based on an evaluation of the impact of the proposed work on the public interest. Factors affecting the public interest

include, but are not limited to, navigation, fish and wildlife, water quality, economics, conservation, aesthetics, recreation, water supply, flood damage prevention, ecosystems, and, in general, the needs and welfare of the people. In cases of conflicting property rights, the Corps of Engineers cannot undertake to settle rival claims.

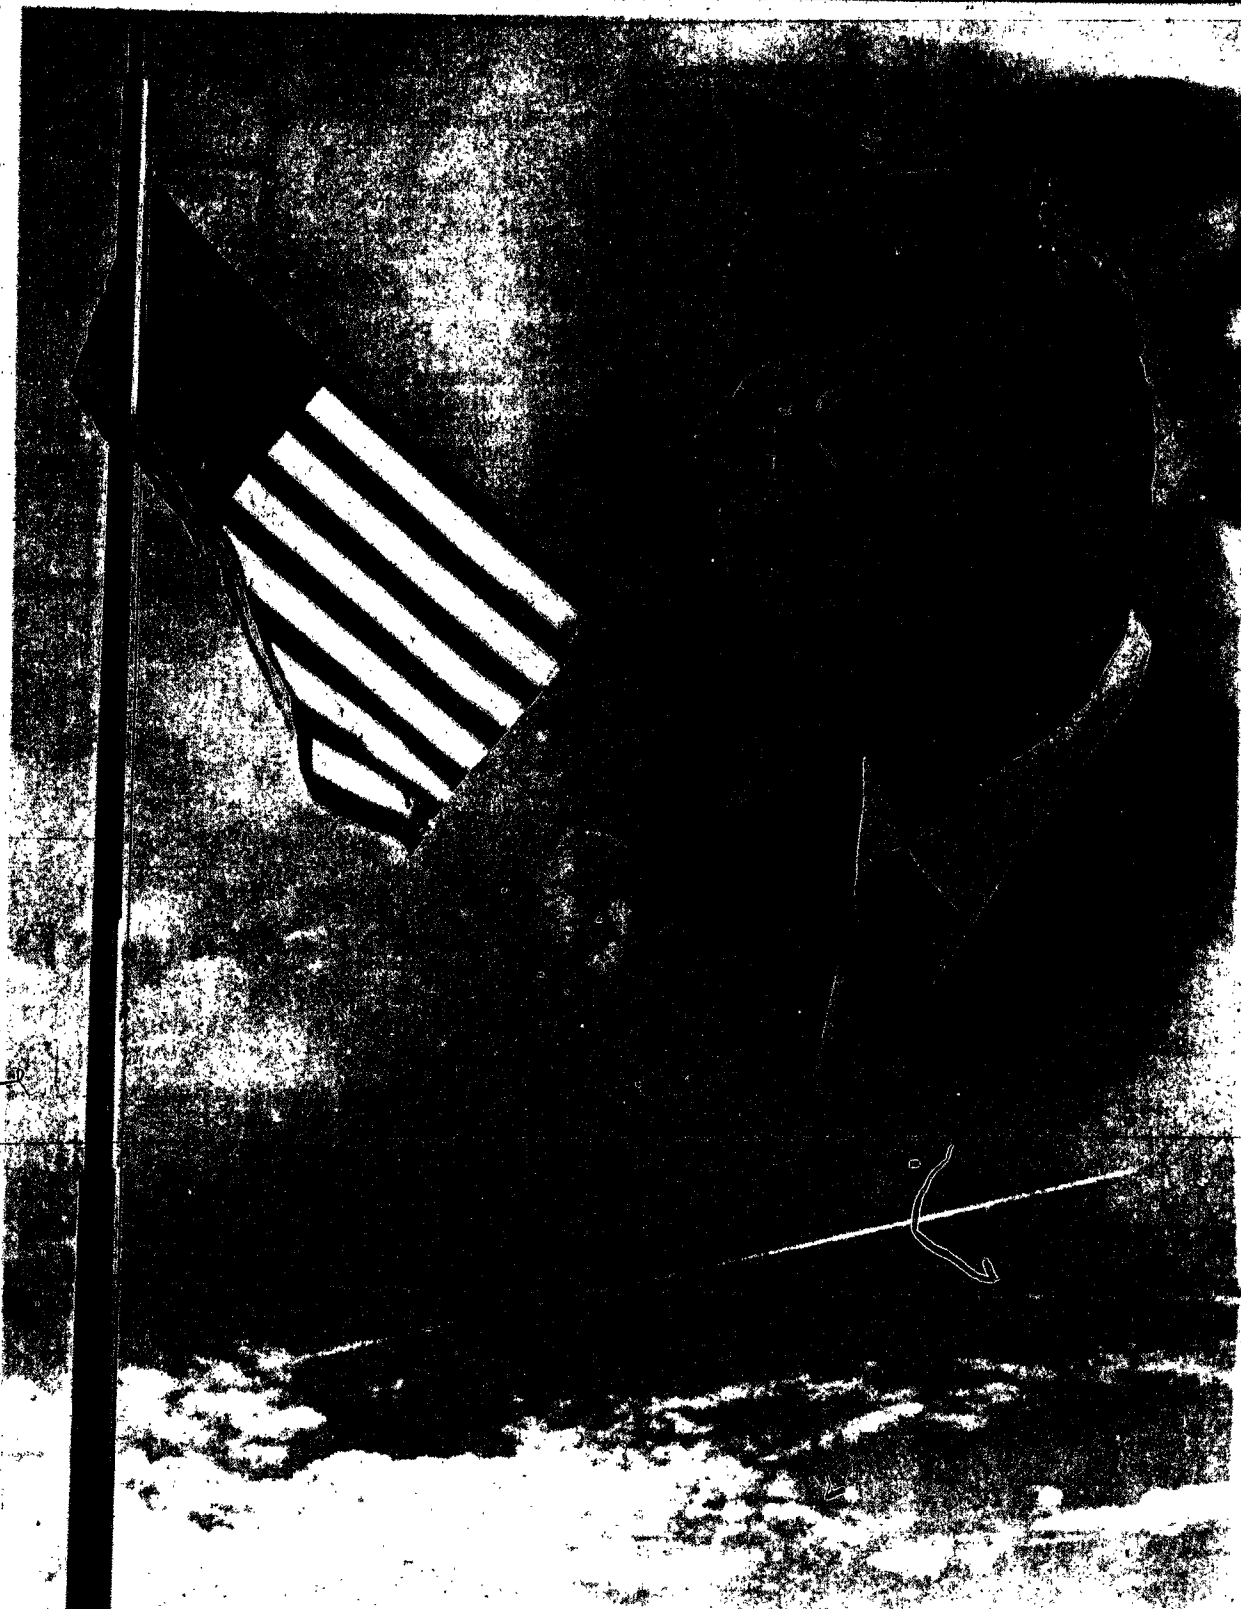

Comments regarding this application should be submitted to the District Engineer, Corps of Engineers, P.O. Box 2288, Mobile, Alabama 36628, on or before November 17, 1972.

### BLOOD NEEDED

Constable Willie Carbonette was stricken ill suddenly Tuesday afternoon and was brought to Hancock General Hospital suffering with internal hemorrhaging. According to a member of the family, Mr. Carbonette is in need of blood transfusions but has a rather rare type blood, "O" Negative. Although several donors have already responded an appeal is being made for additional "walk in" donors with a corresponding blood type.

### Tag Deadline

The deadline for purchasing auto tags will not be extended according to George Heitzmann, Hancock County Tax Collector Assessor. Heitzmann said his office will be open this Saturday until 5 p.m. and on October 31 until 5 p.m. to accommodate taxpayers.

VETERAN'S DAY ACTIVITIES - Joe Benvenuti of American Legion Post 139 was the main speaker during ceremonies Monday in honor of Veteran's Day. Photographer Ed Fayard took the shot of the American Flag just as an airplane was

flying overhead. Ceremonies at the Hancock County Courthouse followed a parade through Bay St. Louis, both sponsored by Bay St. Louis American Legion Post 139.

## New Trial Set For Rape Case

A motion for re-trial was granted Friday by Circuit Judge Floyd Logan for Gerald Lynn Burge and Henry C. Bennett, convicted of rape of a 16-year-old Biloxi girl and sentenced October 11 by Judge Logan to life imprisonment in the penitentiary.

In filing the motion, defense attorney J. Ruble Griffin

submitted several assignments of error, the main one citing ambiguities in the state's instructions to the jury, given prior to deliberation on a verdict. The jurors, Griffin contended, were not properly informed of the fact that a verdict of guilty of rape carries a mandatory life imprisonment sentence. Griffin submitted an affidavit

signed by several jurors in support of the motion.

Judge Logan sustained the motion for re-trial on the basis that the resulting compromise verdict was illegal, and ac-

cepted a request from Assistant District Attorney Harold DeMetz that the trial be set for the first week of the January term of court.

**A GREEK TRAGEDY — CONCLUSION**

The local official sits at his desk, staring disconsolately at a blank wall. His right hand rests on a large file of rejected federal fund applications. His left hand clutches a book entitled, "Guide to Federal Agencies".

Frustrated, angry and paranoid, he has just returned from another trip to Washington, where his latest appeal for federal funds has been denied—for the thirteenth time in two years.

It all started when a magnanimous federal official, in a moment of expansive kindness toward the struggling Southern hamlet, had authorized a grant to build a sewer collection system. He had also mislaid the above local official by alluding to the strong possibility of another grant to acquire a disposal system. (You really can't have one without the other, he pointed out humorously.) Unfortunately, on his last "inspection trip" to the town his golf game had been off and other anticipated activities had not gone well. He returned to D.C. in a dark mood and decided that his agency was out of funds for any further financing to THAT town. When the local emissary arrived with his revised grant application for the second system (We've really collected a lot, he said proudly) he was cut short with the bad news and told they'd have to dispose of the problem on their own.

Back home, submerged in a post-meeting depression, the local official reflects on the injustices of the bureaucratic system as well as the monumental problems of a) an army of unemployed citizens and b) no disposal system.

Suddenly, a spectacular solution to all three problems begins to formulate in his mind. Excitedly, he reaches for the telephone. After consulting his private directory, he calls every other elected official in the county and sets a meeting for that night.

**END OF ACT I**

The curtain opens on a well-known meeting hall. In the smoke filled room, the men are exchanging anecdotes about their respective offices, and similar experiences with federal agencies.

Our local official addresses the group: "I have found a way for all of us to retaliate—in kind. I'm asking that all of you meet me in one hour at the oxidation pond. Bring me your depressed, your unemployed, a lot of big boxes and any heavy equipment you can get."

"The best part," he said, his voice rising to a shrill pitch, "is that it's for the good of the people and the county." He outlines the plot and everyone races out of the room high on spirits...er, in high spirits.

**END OF ACT II**

(Stick with us. The plot thickens, so to speak.)

The scene opens at the edge of a very large pond. In the murky darkness one can barely discern a veritable army of workers and city and county officials all milling around the leader, hundreds of flashlights dancing like fireflies in the dark.

One of the players speaks: "Gentlemen! Let's get organized into work parties to expedite the...excuse me, but will the gentleman with the white sheet over his face, please leave. I think you have the wrong meeting."

"Now, our purpose here tonight is three-fold. Our primary aim is to provide in-kind gifts to our friends in high places using available local labor and a locally-produced product."

"Each work party, using heavy equipment, will empty the contents of the entire lagoon and firmly pack it in the boxes. When we're finished, the boxes will be shipped C.O.D. to Washington. Each official has the option to specifically designate his package for a favorite governmental agency, or individual."

Everyone sets to work with enthusiasm. For miles around residents could hear laughter and singing as various familiar melodies floated into the night air, such as "What's It All About, Algae?" and "Way Down Upon the Jordan River". Another was heard to sing "It's Oxidation, I Know" and at one point they all joined in a chorus of "The Flow Must Go On".

By dawn the job was done and the hundreds of boxes loaded on trucks. As they sped away, one voice could be heard above all the others as he cried, "To the victors go the spoils!"

**Bay St. Louis Police Report**

467-9221  
Bay St. Louis police responded to 34 calls during the period from October 19-25.

A 13-year old male was arrested in Eckerd's Drug Store October 21 for shoplifting. The subject was released to his guardian.

Officer Emmett Ellis arrested Patricia Delham and Joan Bird October 21 at Bay Royale Apartments for soliciting magazines without a permit and after sunset. Both are in violation of city ordinances. The two women were released on \$50 bond each.

Police reported only one two-vehicle collision between the Bay St. Louis fire truck and a 1967 Oldsmobile at the intersection of Highway 90 and Dunbar. The accident involved only property damage and no one was injured.

Children will be out trick-or-treating Halloween night, so drive carefully.

**Hancock County Sheriff's Report**

Hancock sheriff's deputies arrested three youths Monday night in Bay St. Louis when they were found in a parked car on North Beach Blvd. in possession of marijuana and paraphernalia.

Arrested were Peter Kearney, 19, 110 South Second St. and David Payard, 18, 216 Julia St., both of Bay St. Louis, and Raymond Schmidt, 19, 211 Bordages St., Clermont Harbor.

Arresting officers Ronald Peterson and Robert Harvey said the three young men were sitting in the car parked at the side of the beach road near Dunbar Ave. about 9 p.m. A search of the automobile revealed almost an ounce of marijuana, several "roaches", cigarette papers and an incense burner.

The three youths were brought to the county jail where they were charged with possession of marijuana and paraphernalia. Kearney was placed under \$2,000 bond and Payard and Schmidt under \$1,000 bond each.

All three were released on bail Tuesday pending a hearing Thursday night before Justice of the peace Roger Dale Ladrner.

**Trent Lott's stand on tax reform proves that he is a conservative in the Colmer tradition**

"Tax reform legislation is vitally needed to help ease the heavy tax burden that the working man has to carry and to plug the loopholes that allow favored individuals, corporations and foundations to get away with paying little or no income taxes. The President has already proposed a number of fair and sensible tax reforms; and I will strongly support his efforts in this direction. On the other hand, I am very much opposed to the Democratic proposal to increase state and federal income taxes for middle-income families in order to pay for billion-dollar welfare give-away programs."

## GUEST EDITORIAL

### Good 'Ol Days Weren't Exactly Good

There are some who would just as soon skip the upcoming bicentennial hoopla and keep America's 200th anniversary observance short and sweet.

For a nation plagued with crime in the streets, pollution in the air, corruption in politics and absorbed with guilt over its national sins and shortcomings to think of inviting the international community to some sort of "world's fair of freedom" in 1976 seems well, downright unseemly.

It was different in 1876, back when America was orderly, blissful, uncomplicated, self-assured, back when the standard of living was low but the quality of life was high.

Oh, yeah? Forget it, says Albin Dearing, retired Army officer turned historian.

Violence in the streets? The United States in the 1870s a nation of 40 million, had a crime rate perhaps twice that of today, he writes in Smithsonian magazine. The Irish were rioting in New York, the blacks in Savannah, the Chinese in San Francisco, the political clubs in Pittsburgh and the coal miners in Scranton.

Corruption in high places? New Yorkers were discovering that Boss Tweed had mugged them of millions. Legislators were being bought and sold by powerful capitalists. Graft reached into the White House itself.

Minority problems? About a sixth of the population was foreign born, largely unassimilated and unable to speak English. Thousands of children, as young as eight, were working 10-hour days in factories, mines and sweatshops.

Urban blight? Traffic hopelessly clogged city streets by day, thugs roamed there by night. Prostitution-plagued urban centers and venereal disease raged. Fire was a great killer, all but wiping out Chicago in 1871.

The quality of life? Pneumonia and tuberculosis ravaged the population in winter, malaria and typhoid in summer, diphtheria, scarlet fever and smallpox in all seasons.

Oppression? Gangs of Ku Klux Klansmen whipped, tortured or murdered hundreds of blacks.

Foreign entanglements? The U.S. Navy shelled the coast of Korea, with whom we were at peace.

Breakdown in morals? Newspapers carried stories of daring women wearing men's clothing, footracing through New York's Central Park in practically no clothes, dancing the can-can in the New Jersey surf. At the University of Michigan, women demanded admission to men's classes. In Brooklyn, they invaded railroad smoking compartments.

Generation gap? Young men went clean-shaven in contemptuous disdain for their elders' luxuriant muttonchop whiskers and handlebar mustaches, and when not racing on bicycles, sassed them with, "Aw, mind your bustle!"

Drugs? In 1872, Florida, New Mexico, Texas, Vermont and New Hampshire grew poppies for a thriving domestic opium industry. Opium was given to babies when they cried and cocaine was the chief ingredient in many famous adult remedies.

Government boondoggling? Opposed to Congress giving Philadelphia a million and a half dollars for a centennial exhibition in 1876, Rep. Benjamin Willis of New York complained that "it's (the government's) functions have been indefinitely multiplied. It has built railroads; become parent, teacher, master, banker; and now it proposes to go into the show business."

Better, he said, "to bequeath to our posterity the privilege of celebrating the continued existence of the republic in 1976."

Ah, but how dreary it would be to look back now to a nation too preoccupied to celebrate the glories of its first two centuries of existence. How dreary it would be for our descendants to look back from 2076 to a nation too full of self-doubt to boast a little about our third century.

## Our readers write

Dear Sir:

In reporting on last week's City Council meeting and in particular that which dealt with the discussion of providing the annexed area with water and sewer, I found it rather disappointing that you failed to make even passing reference to what I thought the most important part of my message to the Council. This had to do with the immediate effect upon the entire community as well as the future impact of not providing these utilities to this area.

If space permits I will appreciate your printing the following paragraphs of the message submitted to the Council:

"The growth and development of Bay St. Louis is being retarded because of the fact that certain areas within the present corporate limits simply cannot develop due to a lack of necessary city conveniences; namely, water and sewer facilities. Those who are in a position to make an intelligent assessment of the situation say that the West Bay area (the annexed area) would immediately, if provided with these utilities, become the building ground for many new homes. People in the Federal housing programs say that they cannot expand their activities in Bay St. Louis because of a lack of these two facilities. These people are expressing a belief that unless something is done within the near future that other communities will gain from this lack of action on the part of the Bay St. Louis City Council.

"Farmers Home Administration's tentative allotment to Mississippi for low and moderate Section 502 rural housing insured funds for 1973 fiscal year is in excess of \$98 million dollars. Unless something is done Bay St. Louis will be excluded from participating in the expenditure of these funds. Hancock County is the only county in the State of Mississippi that does not have one single water and sewer loan with the Farmers Home Administration.

"What would it mean to our community if the entire area of the city were provided with these utilities? It means that hundreds of thousands of dollars would be added to the tax rolls. It means that sales tax receipts would increase. It means that business would be given a boost for the merchants within the area.

"On the other hand if the utilities are not provided as stipulated by existing court order, and if a de-annexation takes place it will mean near disaster to the tax structure of our community. Property tax receipts would decrease considerably. Sales tax receipts would dwindle as well as would receipts from the Federal revenue sharing source."

Thanking you, I am  
Very sincerely,  
WALTER CARVER, MAYOR

Dear Sir:

Thank you very much for allowing me to express my opinion and comments in your August 17, 1972 edition of the Echo. I also publicly thank those who phoned me expressing their approval of the article.

However, I guess my "dander" is still aroused because not only was Hancock County missing from the magazine article I referenced, but it is not included as part of the Mississippi Gulf Coast by none other than the Travel Department of the Mississippi Agricultural and Industrial

Board, 1504 State Office Building, Jackson, Mississippi 39201.

How do I know? On what do I base my allegation? I enclose for your inspection a copy of the latest brochure distributed by this august group of Mississippians in the Washington, D.C. area. The only reference to Hancock County is a dot which shows that Bay St. Louis is on the highway between Gulfport and New Orleans.

The brochure raves about the "Hospitality State" which has "A Water Playground," "The Fabulous Gulf Coast," "America's Riviera," "20-Mile-Long Sand Beach and Gulf." The map shown in the brochure depicts this 28 mile to be from Biloxi to Henderson Point.

If I'm wrong in my assumption that we are a part of the Gulf Coast, please correct me. It could be that the Agricultural and Industrial Board are embarrassed in including our portion of the Coast. The brochure advertises "a beautiful four-lane scenic drive" which helps "make the Gulf Coast a memorable place to vacation," while we only have a two-lane road (in some places), and partially paved at that. Using this rationale,

and my own reaction during my visit in July, I can understand the Agricultural and Industrial Board's action in overlooking Hancock County. What I can't understand is why has "America's Riviera" been able to rebound from Camille; rebuild (better than ever) and progress tremendously while our beachfront still shows signs in some places of having never recovered from the September 1947 hurricane. I believe every community was given equitable shares of resources to repair-recover from the ravages of Camille. What happened to Hancock County's share for beach and road rehabilitation?

Answers to my questions won't solve the problem of doing what's necessary to correct it; what can be done for everyone to join together, move forward to rebuild, clean-up and work so hard as a community that in the long run even the State Agricultural and Industrial Board will think us worthy of being included in their "brag" sheet on the State of Mississippi's Gulf Coast.

Sincerely,  
Randolph C. Bourgeois

## Trumpets In The Morning

by Perry D. Neal, Pastor  
First Baptist Church, Bay St. Louis

This week this column was prepared by Ronnie Hague, Minister of Music and Youth, First Baptist Church, Bay St. Louis.

"You're sitting there spinning your wheels."

Have you ever heard that? Of course you have. Everyone has. And at least once in our lifetime each one of us has been in that same predicament. We think we can rev the engine up a couple of thousand RPM's, slap it into low gear...and just get deeper. Anyone who has had experience with the boggy soil on the coast will simply go to the nearest phone and call someone with a large vehicle (usually a wrecker with those exorbitant rates, but that is another story). Then this large vehicle takes a chain and hooks it onto your car, and, with just a little effort, pulls you out. You thank the driver profusely, pay his bill, and then get into the car and put it into gear...and you move under your own power.

We can apply this to our spiritual lives. You're driving down the road of life when all of a sudden you see a side road that looks intriguing, fascinating, and you decide to try to make life more interesting. So there you go down the road, but soon you see that the road narrows...the pavement ends...and you stop to survey your surroundings. Hmmm, ground's getting pretty soft. You get back into your car. You grumble, under your breath. You think how pretty the side road was, paved, nice and wide, almost an interstate, to have it turn into this. And then your car slips to the side and you run the motor. A high pitched whine rings in your ear and your heart sinks as you hear the rattle of mud and rocks hitting the underside of your car. What to do, wait for help that may never come or move out and seek help? You decide on the latter and...hmm...there was a building (possibly a church)...you decide to go back. Down the road you walk, the building is unlocked...you go in...there's a phone. You pick it up and call a wrecker. This is the most important step we can take when we find we are hopelessly bogged in sin...no not call a wrecker...call for help. When we ask Jesus to help us he comes and pulls us out with little effort. Then he asks if we would follow him to the main road. We can refuse, and get hopelessly bogged again or we can move out. Get out of the sin we're in...ask God for forgiveness, and move out. Get away from the sin. Don't just sit, spinning your wheels. Move out!!!

BAY-WAVELAND YACHT CLUB held its annual Awards Dinner Saturday night at the clubhouse in Bay St. Louis. First place class winners are, from left to right, Anne Chapman, A Class; Commodore Bill Whitfield; Tracey Stieffel, Junior Class; Woody Stieffel, Expert Class; and Chip Merlin, Teen Class.

## Yacht Club Holds Awards Dinner

Bay-Waveland Yacht Club skippers were lauded for sailing excellence during the past season by Race Committee chairman John Christensen at an annual trophy dinner Saturday night.

Following a dinner at the Yacht Club, Christensen cited humorous incidents that happened during the course of the past season races. Trophies were presented by Bill Whitfield, Yacht Club commodore.

Winning trophies for the main regattas were: Sears District, Bill Merlin; Sears semi-final, Harry Chapman; Junior Lipton, Pete Morrill. Christensen also commended race officials and crews sailing in the famed Lipton Cup Regatta, which Bay-Waveland skippers won for the second consecutive year. William Argus was general chairman, Dick Reeves regatta chairman and Woody Santa Cruz, rhumb line chairman.

Trophies for Lipton regatta crews went to Elizabeth Chapman, Chris Stieffel, Bobby Eagan, Buzzy Heasler, Ellen Eagan and Chip Merlin.

Turning to other award categories, Cock of the Walk

trophy for first place in the Expert Class went to Woody Stieffel; second place was won by Marc Eagan and third place went to Ann Stieffel.

First place winner in "A" Class was Anne Chapman and second place trophy went to Grace Santa Cruz.

Winners in the Teen Class were Chip Merlin, first; Chris Stieffel, second; Mimi Eagan, third.

Award recipients in the Junior Class included Tracey Stieffel, first; Dennis Stieffel, second; John Gordon, third; Mary Alice Merlin, fourth.

Winners of the three top awards in the Bay Bourbon Class were Mary Kergosien, Chris Stieffel and Anne Chapman.

For the second consecutive year Cindy Stieffel came out on top with highest points for club sailors who had crewed the most during the season. Woody Stieffel and Chris Stieffel came in second and third place, respectively, in that category.

A special Round Robin trophy for those who have sailed and won in competition against the home yacht club's top six skippers went to Marc Eagan, first place, and Harry Chapman, second place.

Color slides and movies showing highlights of the season's regattas were shown following the trophy presentations.

The magnificent Lipton Cup trophy, which rests now in the Bay-Waveland club trophy case, will be retired after this year, according to Whitfield, and permanently enclosed in a special vacuum case at the Southern Yacht Club in New Orleans. Whitfield said the decision to retire the trophy was reached because of the ever-present danger of hurricanes and tornadoes on the Gulf Coast. A large silver plaque, bearing the Lipton coat of arms, will be substituted for the trophy to be given to future regatta winners.

### Good 'Ol Days Weren't Exactly Good

There are some who would just as soon skip the upcoming  
bicentennial hoopla and keep America's 200th anniversary  
observance short and sweet.

For a nation plagued with crime in the streets, pollution in the  
air, corruption in politics and absorbed with guilt over its  
national sins and shortcomings to think of inviting the in-  
ternational community to some sort of "world's fair of  
freedom" in 1976 seems well, downright unseemly.

It was different in 1876, back when America was orderly,  
blessed, uncomplicated, self-assured, back when the standard  
of living was low but the quality of life was high.

Oh, yeah? Forget it, says Albin Dearing, retired Army officer  
turned historian.

Violence in the streets? The United States in the 1870s a  
nation of 40 million, had a crime rate perhaps twice that of  
today, he writes in Smithsonian magazine. The Irish were  
rioting in New York, the blacks in Savannah, the Chinese in San  
Francisco, the political clubs in Pittsburgh and the coal miners  
in Scranton.

Corruption in high places? New Yorkers were discovering  
that Boss Tweed had mugged them of millions. Legislators  
were being bought and sold by powerful capitalists. Graft  
reached into the White House itself.

Minority problems? About a sixth of the population was  
foreign born, largely unassimilated and unable to speak  
English. Thousands of children, as young as eight, were  
working 10-hour days in factories, mines and sweatshops.

Urban blight? Traffic hopelessly clogged city streets by day,  
thugs roamed them by night. Prostitution plagued urban  
centers and venereal disease raged. Fire was a great killer, all  
but wiping out Chicago in 1871.

The quality of life? Pneumonia and tuberculosis ravaged the  
population in winter, malaria and typhoid in summer,  
diphtheria, scarlet fever and smallpox in all seasons.  
Oppression? Gangs of Ku Klux Klansmen whipped, tortured or  
murdered hundreds of blacks.

Foreign entanglements? The U.S. Navy shelled the coast of  
Korea, with whom we were at peace.

Breakdown in morals? Newspapers carried stories of daring  
women wearing men's clothing, footracing through New  
York's Central Park in practically no clothes, dancing the can-  
can in the New Jersey surf. At the University of Michigan,  
women demanded admission to men's classes. In Brooklyn,  
they invaded railroad smoking compartments.

Generation gap? Young men went clean-shaven in con-  
temptuous disdain for their elders' luxuriant muttonchop  
whiskers and handlebar moustaches, and when not racing on  
bicycles, sassed them with, "Aw, mind your hustle!"

Drugs? In 1872, Florida, New Mexico, Texas, Vermont and  
New Hampshire grew poppies for a thriving domestic opium  
industry. Opium was given to babies when they cried and  
cocaine was the chief ingredient in many famous adult  
remedies.

Government boondoggling? Opposed to Congress giving  
Philadelphia a million and a half dollars for a centennial  
exhibition in 1876, Rep. Benjamin Willis of New York com-  
plained that "it's (the government's) functions have been  
indefinitely multiplied. It has built railroads; become parent,  
teacher, master, banker; and now it proposes to go into the  
show business."

Better, he said, "to bequeath to our posterity the privilege of  
celebrating the continued existence of the republic in 1976."

Ah, but how dreary it would be to look back now to a nation  
too preoccupied to celebrate the glories of its first two centuries  
of existence. How dreary it would be for our descendants to look  
back from 2076 to a nation too full of self-doubt to boast a little  
about our third century.

### Chamber Report

By Sylvia McQuisley  
Hancock County Chamber of Commerce Manager

Did you know that Coast  
Service, Inc., located at 130  
Court Street in Bay St. Louis,  
started two years ago with one  
employee? Did you know that  
Coast Service presently  
employs 20 people and is fast  
out-growing its present  
facilities? According to Mr.  
Edwin L. Matthews,  
president, Coast Service  
manufactures anything that  
anyone needs that is made of  
stainless steel. Their main  
manufacturing staple is -  
custom stainless steel food  
equipment for hospitals,  
schools, motels, etc. For  
example, Coast Service just  
completed equipping Holy  
Cross Hospital in Fort  
Lauderdale, Fla., with all  
of their stainless steel

equipment. This is a growing  
industry located in Hancock  
County that appears to have a  
bright future, which in turn  
adds brightness to the future  
of our County.

It is indeed an honor that  
Hancock County has been  
selected as one of the counties  
in the State for a meeting of  
the Mississippi Historical and  
Genealogical Society. This  
meeting will be held Tuesday,  
November 14 from 7-9 p.m. in  
Bay St. Louis at the Coast  
Electric Crew Building on  
Main St. Hancock County  
residents, whose ancestors  
were here prior to 1900 are  
urged to contact Mrs. Nell  
Ducomb at 467-6697 with any  
information that could be of

## Our readers write

Dear Sir:

In reporting on last week's  
City Council meeting and in  
particular that which dealt  
with the discussion of  
providing the annexed area  
with water and sewer, I found  
it rather disappointing that  
you failed to make even  
passing reference to what I  
thought the most important  
part of my message to the  
Council. This had to do with  
the immediate effect upon the  
entire community as well as  
the future impact of not  
providing these utilities to this  
area.

If space permits I will ap-  
preciate your printing the  
following paragraphs of the  
message submitted to the  
Council:

"The growth and  
development of Bay St. Louis  
is being retarded because of  
the fact that certain areas  
within the present corporate  
limits simply cannot develop  
due to a lack of necessary city  
conveniences; namely, water  
and sewer facilities. Those  
who are in a position to make  
an intelligent assessment of  
the situation say that the West  
Bay area (the annexed area)  
would immediately, if  
provided with these utilities,  
become the building ground  
for many new homes. People  
in the Federal housing  
programs say that they cannot  
expand their activities in Bay  
St. Louis because of a lack of  
these two facilities. These  
people are expressing a belief  
that unless something is done  
within the near future that  
other communities will gain  
from this lack of action on the  
part of the Bay St. Louis City  
Council.

"Farmers Home Ad-  
ministration's tentative  
allotment to Mississippi for  
low and moderate Section 502  
rural housing insured funds  
for 1973 fiscal year is in excess  
of \$98 million dollars. Unless  
something is done Bay St.  
Louis will be excluded from  
participating in the ex-  
penditure of these funds.  
Hancock County is the only  
county in the State of  
Mississippi that does not have  
one single water and sewer  
loan with the Farmers Home  
Administration.

"What would it mean to our  
community if the entire area  
of the city were provided with  
these utilities? It means that  
hundreds of thousands of  
dollars would be added to the  
tax rolls. It means that sales  
tax receipts would increase. It  
means that business would be  
given a boost for the mer-  
chants within the area.  
"On the other hand if the  
utilities are not provided as  
stipulated by existing court  
order, and if a de-annexation  
takes place it will mean near  
disaster to the tax structure of  
our community. Property tax  
receipts would decrease  
considerably. Sales tax  
receipts would dwindle as well  
as would receipts from the  
Federal revenue sharing  
source."

Thanking you, I am  
Very sincerely,  
WARREN CARVER, MAYOR

Dear Sir:

Thank you very much for  
allowing me to express my  
opinion and comments in your  
August 17, 1972 edition of the  
Echo. I also publicly thank  
those who phoned me ex-  
pressing their approval of the  
article.

However, I guess my  
"dander" is still aroused  
because not only was Hancock  
County missing from the  
magazine article I referenced,  
but it is not included as part  
of the Mississippi Gulf Coast by  
none other than the Travel  
Department of the Mississippi  
Agricultural and Industrial

Board, 1504 State Office  
Building, Jackson, Mississippi  
39201.  
How do I know? On what do  
I base my allegation? I enclose  
for your inspection a copy of  
the latest brochure distributed  
by this august group, of  
Mississippians in the  
Washington, D.C. area. The  
only reference to Hancock  
County is a dot which shows  
that Bay St. Louis is on the  
highway between Gulfport  
and New Orleans.

The brochure raves about  
the "Hospitality State" which  
has "A Water Playground",  
"The Fabulous Gulf Coast",  
"America's Riviera", "28-  
Mile-Long Sand Beach and  
Gulf". The map shown in the  
brochure depicts this 28 mile  
to be from Biloxi to Henderson  
Point.  
If I'm wrong in my  
assumption that we are a part  
of the Gulf Coast, please  
correct me. It could be that  
the Agricultural and In-  
dustrial Board are em-  
barrassed in including our  
portion of the Coast. The  
brochure advertises "a  
beautiful four-lane scenic  
drive" which helps "make the  
Gulf Coast a memorable place  
to vacation," while we only  
have a two-lane road (in some  
places), and partially paved  
at that. Using this rationale,

and my own reaction during  
my visit in July, I can un-  
derstand the Agricultural and  
Industrial Board's action in  
overlooking Hancock County.  
What I can't understand is  
why has "America's Riviera"  
been able to rebound from  
Camille; rebuild (better than  
ever) and progress tremen-  
dously while our beachfront  
still shows signs in some places  
of having never recovered  
from the September 1947  
hurricane. I believe every  
community was given  
equitable shares of resources  
to repair-recover from the  
ravages of Camille. What  
happened to Hancock Coun-  
ty's share for beach and road  
rehabilitation?

Answers to my questions  
won't solve the problem of  
doing what's necessary to  
correct it; what can be done is  
for everyone to join together,  
move forward to rebuild,  
clean-up and work so hard as a  
community that in the long  
run even the State  
Agricultural and Industrial  
Board will think us worthy of  
being included in their "brag"  
sheet on the State of  
Mississippi's Gulf Coast.

Sincerely,  
Randolph C. Bourgeois  
Lieutenant Colonel  
United States Army

## Trumpets In The Morning

by Perry D. Neal, Pastor  
First Baptist Church, Bay St. Louis

This week this column was  
prepared by Ronnie Hague,  
Minister of Music and Youth,  
First Baptist Church, Bay St.  
Louis.

"You're sitting there  
spinning your wheels."

Have you ever heard that?  
Of course you have. Everyone  
has. And at least once in our  
lifetime each one of us has  
been in that "same  
predicament. We think we can  
rev the engine up a couple of  
thousand RPM's, slap it into  
low gear...and just get deeper.  
Anyone who has had ex-  
perience with the boggy soil on  
the coast will simply go to the  
nearest phone and call  
someone with a large vehicle  
(usually a wrecker with those  
exorbitant rates, but that is  
another story). Then this  
large vehicle takes a chain  
and hooks it onto your car,  
and, with just a little effort,  
pulls you out. You thank the  
driver profusely, pay his bill,  
and then get into the car and  
put it into gear...and you  
move under your own power.

We can apply this to our  
spiritual lives...You're driving  
down the road of life when all  
of a sudden you see a side road  
that looks intriguing,  
fascinating, and you decide to  
try it...to make life more in-  
teresting. So there you go  
down the road, but soon you  
discover that the road narrows...the  
pavement ends...and you stop

to survey your surroundings.  
Hmmm, ground's getting  
pretty soft. You get back into  
your car. You grumble, under  
your breath. You think how  
pretty the side road was,  
paved, nice and wide, almost  
an interstate, to have it turn  
into this. And then your car  
slips to the side and you gun  
the motor. A high pitched  
whine rings in your ear and  
your heart sinks as you hear  
the rattle of mud and rocks  
hitting the underside of your  
car. What to do, wait for help  
that may never come or move  
out and seek help? You decide  
on the latter and...hmm...there was  
a building (possibly a  
church)...you decide to go  
back. Down the road you walk,  
the building is unlocked...you  
go in...there's a phone. You  
pick it up and call a wrecker.  
This is the most important  
step we can take when we find  
we are hopelessly bogged in  
sin...no not call a  
wrecker...call for help. When  
we ask Jesus to help us he  
comes and pulls us out with  
little effort. Then he asks if we  
would follow him to the main  
road. We can refuse, and get  
hopelessly bogged again or we  
can move out. Get out of the  
sin we're in...ask God for  
forgiveness, and move out.  
Get away from the sin. Don't  
just sit, spinning your wheels.  
Move out!!!

## ELECT OFFICERS

On October 15, 1972, Mrs. Robert L. Warner, fifth grade homeroom class at North Bay Elementary School, elected the following officers for the year: President, Steve Farrow; Vice-President, Michelle Lagasse; Secretary, Anne Vardim; Treasurer, Scherell Necalee; and Reporters, Darlene Collier and Zena Baker.

MR. LEWIS JOHN PASCIAK OF HARRAHAN, LA. ACCEPTS DELIVERY OF NEW VEGA RANCH FROM TURAN-LANE CHEVROLET SALESMAN PETE MORAN. Mr. Lewis Pasciak wanted a new car but he wanted a car that would be economical and cost little. The car that he found that would fit his needs was a Vega Ranch and the place he found the right price was Turan-Lane Chevrolet in Bay St. Louis. Mr. Pasciak was very pleased with the feel at home way he was treated by all of the folks at Turan-Lane Chevrolet. Folks from all around visit Turan-Lane Chevrolet for their good deals because they know their motto is: "The only deals we miss are the ones we don't know about."

## GILMORE IN AD

James Gilmore, a former resident of Bay St. Louis and a graduate of St. Stanislaus, is featured in an ad on the back cover page of this week's T.V. Guide. Gilmore, who is a 1961 graduate of SSC attended the school for nine years. He now lives in Arizona.

BAY-WAVELAND YACHT CLUB held its annual Awards Dinner Saturday night at the clubhouse in Bay St. Louis. First place class winners are, from left to right, Anne Chapman, A Class; Commodore Bill Whitfield; Tracey Stieffel, Junior Class; Woody Stieffel, Expert Class; and Chip Merlin, Teen Class.

## Yacht Club Holds Awards Dinner

Bay-Waveland Yacht Club skippers were lauded for sailing excellence during the past season by Race Committee chairman John Christensen at an annual trophy dinner Saturday night. Following a dinner at the Yacht Club, Christensen cited humorous incidents that happened during the course of the past season races. Trophies were presented by Bill Whitfield, Yacht Club commodore.

Winning trophies for the main regattas were; Sears District, Bill Merlin; Sears semi-final, Harry Chapman; Junior Lipton, Pete Morrill. Christensen also commended race officials and crews sailing in the famed Lipton Cup Regatta, which Bay-Waveland skippers won for the second consecutive year. William Argus was general chairman, Dick Reeves regatta chairman and Woody Santa Cruz, rumb line chairman.

Trophies for Lipton regatta crews went to Elizabeth Chapman, Chris Stieffel, Bobby Eagan, Buzzy Heasler, Ellen Eagan and Chip Merlin.

Turning to other award categories, Cock of the Walk

trophy for first place in the Expert Class went to Woody Stieffel; second place was won by Marc Eagan and third place went to Ann Stieffel.

First place winner in "A" Class was Anne Chapman and second place trophy went to Grace Santa Cruz.

Winners in the Teen Class were Chip Merlin, first; Chris Stieffel, second; Mimi Eagan, third.

Award recipients in the Junior Class included Tracey Stieffel, first; Dennis Stieffel, second; John Gordon, third; Mary Alice Merlin, fourth.

Winners of the three top awards in the Bay Bourbon Class were Mary Kergosien, Chris Stieffel and Anne Chapman.

For the second consecutive year Cindy Stieffel came out on top with highest points for club sailors who had crewed the most during the season. Woody Stieffel and Chris Stieffel came in second and third place, respectively, in that category.

A special Round Robin trophy for those who have sailed and won in competition against the home yacht club's top six skippers went to Marc Eagan, first place, and Harry Chapman, second place.

Color slides and movies showing highlights of the season's regattas were shown following the trophy presentations.

The magnificent Lipton Cup trophy, which rests now in the Bay-Waveland club trophy case, will be retired after this year, according to Whitfield, and permanently enclosed in a special vacuum case at the Southern Yacht Club in New Orleans. Whitfield said the decision to retire the trophy was reached because of the ever-present danger of hurricanes and tornadoes on the Gulf Coast. A large silver plaque, bearing the Lipton coat of arms, will be substituted for the trophy to be given to future regatta winners.

## Girls Will Vie For Junior Miss

The annual Junior Miss Pageant, sponsored by the Bay St. Louis Jaycees, will be held this Saturday night at St. Joseph Gymnasium in Bay St. Louis.

A parade and a tea for the contestants will be held Saturday afternoon.

This year, 12 young women will be competing to represent Hancock County in statewide competition. This is the largest number of girls participating in the pageant.

The girls are judged on the basis of scholastic ability, youth fitness, poise and appearance, creative and performing arts, and awareness

and contributions to family, friends and community.

Contestants are: Melissa Burge, Pearlinton; Carolyn Dorman, Clermont Harbor; Sherrell Necaise, Pass Christian; Cindy Hebert, Pass Christian; and Maria Loup, Terri Moran, Kathleen Stieffel, Carmen Calix, Stephen Winnard, Karen Smith, Bea North and Cathy Starita, all of Bay St. Louis.

### CARD OF THANKS

I wish to express my deepest  
appreciation to all the nursing  
staff, housekeeping dietary  
and bookkeeping personnel for  
the service, courtesy and  
T.W.C. (tender, loving care)  
shown to me during my recent  
stay in Hancock General  
Hospital. During the first 3  
nights when the going was  
rough, how comforting to look  
up and see Mrs. Denise Mc-  
Dowell (Supervisor of Nurses)  
standing by my bed, asking if I  
needed anything. Thanks to  
Dr. Byrnes for coming to  
Hancock General to operate  
on me and to my old buddy Dr.  
Dodson in whom I have the  
utmost confidence.  
Yours Truly,  
NINA GARCIA

### CARD OF THANKS

The family of Mrs. Madeline  
(E.B.) Richardson would like  
to express their thanks to  
everyone who was so kind to  
us during the illness and death  
of our mother.  
Special thanks to Rev. G.  
Johnson, Deacon Elvin Sunda,  
Mrs. M. L. Dodson and Byrnes,  
Mrs. McDowell and the  
entire nursing staff of Han-  
cock General Hospital. Also  
for cards, flowers and masses.  
FAMILY.

### CARD OF THANKS

Words cannot express my  
deep appreciation to Mr.  
Gaston Moreau of Waveland  
for donating his time for the  
beautiful paint job on the  
Clermont Harbor Methodist  
Church. In memory of my  
husband, Tom.  
I shall always be grateful to  
him and all who so generously  
gave for this cause.  
May God richly bless all of  
you for your kindness.  
MRS. TOM THUM

### CARD OF THANKS

The family of Lewis  
Nicholson wish to thank all for  
the kindnesses shown at the  
time of his death. Special  
thanks to Rev. Wyle Heath.  
THE NICHOLSON FAMILY  
10-26-1tchd.

### CARD OF THANKS

The family of Columbus J.  
Augustus, Sr., who died Octo-  
ber 17, 1972, wishes to thank  
all those who sent flowers,  
cards and contributions for  
masses. Also Drs. Chevis and  
Rutherford and the entire  
staff at Hancock General  
Hospital. Again, many thanks  
to everyone that shared  
during the illness and death of  
our beloved father and  
husband.  
WIFE, CHILDREN,  
BROTHERS & SISTER

### CARD OF THANKS

We, the family of John H.  
Hill, wish to thank all for the  
kindness shown at the time of  
his untimely death. We thank  
Dr. Sidney Chevis, Fahey-  
Riemann Funeral Home, and  
Father Johnson of Our Lady of  
the Gulf Church. Also for  
flowers, food, masses, money  
and cards of condolence.  
WIFE, DAUGHTER,  
MOTHER, STEPFATHER,  
SISTERS AND BROTHERS.

### Legal notices

STATE OF MISSISSIPPI  
COUNTY OF HANCOCK  
NOTICE OF  
TRUSTEE'S SALE

WHEREAS on the 17th day  
of November, 1970, Emily  
Jeter Getman executed a deed  
of trust to J. Ruble Griffin,  
Trustee, to secure an in-  
debtedness therein mentioned  
to Arthur D. Gatti and wife,  
Jean Gatti, which deed of trust  
is duly recorded in Book 149,  
pages 454-55, Records of  
Mortgages and Deeds of Trust  
on Land, Hancock County,  
Mississippi; and  
WHEREAS, default having  
been made in the payment of  
said indebtedness, and the  
said Arthur D. Gatti and Jean  
Gatti, the legal holders of said  
indebtedness, having  
requested the undersigned  
trustee to foreclose on said  
deed of trust for the purpose of  
paying said indebtedness and  
costs;

NOW THEREFORE, I will  
on the 21st day of November,  
1972, within legal hours offer  
for sale and sell to the highest  
bidder for cash at the front  
door of the Hancock County  
Court House in Bay St. Louis,  
Mississippi, the following  
described real property, to-  
wit:

Commencing at a point  
where the line between Lots 6  
and 8, Bear First Ward, Bay  
St. Louis, Mississippi, in-  
tersects the North line of  
Blakemore Street, as per the  
official plat of said First Ward  
by E.S. Drake, C.E., dated  
May 1, 1923 and on file in the  
office of the Clerk of the  
Chancery Court of Hancock  
County, Mississippi, thence  
North 20 degrees 00' East 222  
feet along the line between the  
said Lots 6 and 8 to a point;  
thence North 70 degrees 00'  
West 15 feet to a point as a  
place of beginning; thence  
North 70 degrees 00' West 300  
feet, more or less, to the East  
line of Engman Avenue;  
thence South 20 degrees 00'  
West, 140 feet along the East  
line of Engman Avenue;  
thence South 70 degrees 00'  
East 300 feet, more or less;  
thence North 20 degrees 00'  
East 140 feet to the place of  
beginning. Said land being  
located in the Rear of the  
First Ward, City of Bay St.  
Louis, Mississippi, and being  
part of Lot 5.

Together with all and  
singular, the rights,  
privileges, improvements and  
appurtenances to the same  
belonging or in any wise ap-  
pertaining.

I will convey only such title  
as is vested in me, as Trustee.  
ADVERTISED, POSTED  
AND DATED, this 24th  
day of October, A. D. 1972.

## Reflections

THE HOLIDAY SEASON brought decorations to this meat market in 1940, owned by Mr. and Mrs. Gilbert Gayaut Jr. The store, located on the corner of Royal and Bienville Streets in New Orleans, featured such low prices as "Corned Beef"—15 cents a pound and "Turkey"—22 cents a pound. Ah, for the good old days. Pictured at far left are Mr. and Mrs. Gayaut and

Gilbert Gayaut Jr., who manages Pitolo's Supermarket in Bay St. Louis. Photo courtesy of Gilbert Gayaut Jr. (Readers are urged to submit photos to the Echo for use in Reflections. Pictures will be returned unharmed at the Echo office in Bay St. Louis. Use of all photos is left to the discretion of the Editor.)

WITH HALLOWEEN right around the corner, witches and goblins are preparing for a full night of fun. In this case, however, it happens to be members of St. Clare's Home-School Association, which is sponsoring a "spooky event" Halloween night on the school grounds. (Photo by Ed Fayard)

### SELECTIVE SERVICE

Mrs. Carl Ladner, executive secretary Selective Service Local Board 24, reported the following men enlisted in the

U.S. Armed Forces during the past month:

Fabian Anthony Collins, Lonnie Michael Bradley, Rickie J. Bradley and Honore L. Hazare Jr., U. S. Army;

Don Craig Bourn and Terry L. Stephens, U. S. Navy;

Charles O. Carver was inducted into the Army October 11.

MR. RICHARD SWEENEY OF GULFPORT GETS A BIG HAND SHAKE FROM TURAN-LANE CHEVROLET AS HE ACCEPTS DELIVERY OF HIS NEW CHEVY PICKUP TRUCK FROM TURAN-LANE CHEVROLET SALESMAN PAT SCHRUFF.

Mr. Richard Sweeney of Gulfport wanted a 1972 step-side pickup. He shopped around and couldn't find one until he visited Turan-Lane Chevrolet in Bay St. Louis. The deal offered Mr. Sweeney was also a very good deal and it well made it worth his while to drive over to Turan-Lane Chevrolet for their very good deal. Mr. Sweeney was also very impressed with the fine service department that Turan-Lane has and is going to send all of his friends to Turan-Lane in Bay St. Louis.

Brown testified that to the best of his knowledge clearing and widening the ditch on Russ' property would have improved drainage in the surrounding area and would be of benefit to the general public. Brown was asked repeatedly by both counsels to identify photographs and mark the location of the ditch on several maps and plats of the section of property in question, the reason for the requests being somewhat obscure to those in the court room.

Court was recessed at 6:30 Friday evening after both the prosecution and the defense rested their cases.

Trial proceedings were resumed at 7:45 p.m. when Logan set a time limit of 30 minutes for each counsel to

plead his case. The defense based its plea on the grounds that Russ had acted in the best interest of the residents of his beat by opening a major drainage canal with no willful or felonious intentions to defraud.

The state's plea accused Russ of fraudulent intent by spending about \$700 of county money to have dug a 700 foot long ditch from an existing natural drain onto his property, the extension of benefit to no one but Russ.

The jury retired for deliberation shortly after 9 p.m. and in 15 minutes returned a verdict of not guilty. The announcement brought an outburst of cheers from the small group of court room spectators.

## SPORTS

### Tigers Take Game From Stanislaus

Rock-A-Chaw Stadium was jam-packed Friday night when the Bay High Tigers and the St. Stanislaus Rock-A-Chaws battled for the city championship in football. The Tigers won the game by the score of 14-0 after three and one-half quarters of great defensive play by both teams.

Stanislaus kicked off to the Tigers to start the game. Dale Loiacano took the kickoff and returned it to his 42-yard line. Quarterback Fred Bilbo guided the Tiger attack bringing the ball down to the Rocks 20-yard line where the Stanislaus defense held and the Tigers had to give up the ball.

On three running plays the Rocks picked up only six yards and were forced to punt. Rock quarterback Lance Oustalet punted to Jack Arnold at the Tiger 45 and Arnold returned it to the 47.

With 39 seconds to go in the first quarter the Tigers had their first scoring opportunity of the game when Sam Piazza tried a field goal from the Rocks 18-yard line and the kick went wide of the goal posts. Stanislaus took over on their own 20-yard line after the missed field goal.

The Tiger defense held the Rocks once again and Oustalet had to punt. Bay High took over on the Stanislaus 45. On the first play Bilbo completed a pass to Cory Bielstein who fumbled the ball on the Rocks 24-yard line where Rock defensive tackle Kim Rohr recovered the ball.

Once again unable to move the ball the Rocks were forced to punt. The Tigers took over on their own 49.

The Tigers were unable to move the ball on three tries and were forced to punt. Dave Richardson punted to the Rocks 17 where the Tigers downed the ball.

The Rocks were able to move the ball for a first down to their 27. On the second series of downs Stanislaus was unable to make any headway and again had to punt to the Tigers, the ball being taken by Arnold who was tackled at his own 41-yard line.

The Tigers were able to move the ball only five yards on three tries and had to punt to the Rocks, who took over on their own 16-yard line. Picking up only three yards on three plays, Stanislaus was again forced to punt to Bay High and the Tigers took over on the Rocks 45. After moving the ball to the Rocks 26 the Stanislaus defense dug in and the Tigers were forced to turn the ball over to the Rocks at their own 28 yard line.

With 1:28 to go in the first half Stanislaus made what seemed to be scoring threat of the game. On a tackle eligible play Oustalet passed to Dave Kenny who was stopped on the Tiger 20-yard line. The play was called back and the Rocks were penalized 5 yards for illegal procedure, nullifying the big gain. The first half ended with Stanislaus having control of the ball at their own 30-yard line.

The half ended with the score deadlocked at 0-0. The third quarter started.

with the Tigers kicking off to the Rocks who took the ball at their 30-yard line.

The Rocks were able to gain only 7 yards on three plays and had to punt to the Tigers, Arnold taking the ball on his 34 and fumbling where Richard Hymel recovered for the Rocks.

On the first play Oustalet handed off to Rick Kergosien who fumbled on the Tigers 22-yard line the Tigers recovering the ball ending another Stanislaus scoring threat.

The Stanislaus defense held the Tigers again and Bay High was forced to punt. The Rocks took over on their own 31 but were unable to move the ball punting to the Tigers on the Bay High 48.

Still a battle of the defensive teams the Tigers were unable to move the ball and punted to the Rocks 22.

With fourth down and 6 yards to go Stanislaus had to punt to the Tigers once again. The Tigers were penalized 15 yards for roughing the kicker, giving the Rocks a first down and 10 yards to go at their own 37. The Rocks could not move the ball and Oustalet punted to the Tiger 26 where Bay High took over first down and 10, ending the third quarter. The score was still 0-0.

Once again the Stanislaus defense stiffened and the Tigers punted to the Rocks 26-yard line. The Tiger defense still strong held the Rocks and Oustalet punted to the Tiger 25.

After moving the ball to the Stanislaus four-yard line in seven plays, Tiger quarterback Fred Bilbo handed off to Jimmy Perniclaro who ran the four yards for the TD. Sam Piazza's extra point attempt from placement was good making the score 7-0 in favor of Bay High with 5:07 to go in the game.

Rick Kergosien took the ensuing kickoff at his 19-yard line and returned it to his 38. On the first play, a pass from Oustalet to Richard Hymel was intercepted by Jack Arnold and returned to the Rocks 20-yard line.

With 4:00 to go in the game Bilbo handed off to Perniclaro who scampered 20 yards for the Tigers' second TD of the game. The extra point attempt by Piazza was good, thus ending the scoring and giving the Bay High Tigers a 14-0 victory over the Stanislaus Rock-A-Chaws. The Rocks will have to wait another year to try and win the City of Bay St. Louis football championship.

This Friday the Tigers now 5-2 for the season travel to Picayune, Miss. to take on the

Picayune Maroon Tide. The Rock-A-Chaws, 2-4-1 for the season will host the Notre Dame Rebels of Biloxi this Friday night in a Gulf Coast Conference game.

MR. TOM BROWN AND HIS GRANDMOTHER GET HIS NEW CHEVELLE COUPE FROM TURAN-LANE SALESMAN HERB BARON.

Mrs. Louis Lassabe and her grandson shopped everywhere to find a car like they wanted and finally wound up with Herb Baron at Turan-Lane Chevrolet in Bay St. Louis. In 2 hours he got them exactly what they were looking for and at an excellent price. If you're interested in a special car and can't find it, visit Turan-Lane Chevrolet and talk to salesman Herb Baron, he could have just the car you're looking for, or get one for you. They try very hard to get exactly what the customer wants at Turan-Lane Chevrolet.

### Sunfish Winners Named

In spite of adverse weather conditions, a successful Sunfish Regatta was held at Bay-Waveland Yacht Club Sunday under the direction of Mrs. Alice Merlin, Regatta chairman, and Harry Chapman, Race Committee chairman.

Competition was keen as each of the four classes sailed separate three-race series. Following the final race, trophies were presented to the top three skippers in each division:

Senior, 16 and over, First Buzzy Heausler; second,

Woody Stieffel and third, Chuck Breath.

A Class-First, Chris Stieffel; second, Chip Merlin and third, Bobby Eagan.

B Class - First, Amy Chapman; second, Tracey Stieffel, third, Mimi Eagan.

C Class - First, Emily Merlin; second, Mary Lynne Eagan, third, Elizabeth Santa Cruz.

As a special attraction, a "Tyke" race was sailed in which Harry Chapman beat Chuckles Breath. Both young helmsmen were ably assisted by their fathers, Harry Chapman and Chuck Breath as crews.

# Gulfview Holds Homecoming

Gulfview held its first homecoming Friday beginning with a parade from the beach road to the school where a pep rally was held. The parade included 35 units made up of the court, cheerleaders, football players, class representatives, scout groups, bicycles, school buses, horses, and various other units.

The court was presented before the game. Members were as follows: Patricia Asker, Queen, Stevie Breun, Myra Lott, First Maid, Tyrene Dastague, Mary Schmitt, Charles Barlett. Lisa

Ladner, Bret Sims, Betty Cochrane, Jeff Wainwright and Donald Graham, Crown Bearers.

K.G. McCarty, superintendent of Schools, crowned the queen and L.G. Ladner, Gulfview principal, presented her with long stem American Beauty Roses. Invocation was given by Reverend Crawley.

Boy Scout Brian Shiver, presented the colors for the National Anthem.

L.C. Ladner presented Coach Wes Teel with an award at half-time for his hard work this year with the football team.

## Warriors Crush Hancock Hawks

The D'Iberville Warriors scored in the first, second and fourth quarters while allowing the Hancock North Central Hawks one touchdown in the first quarter running up a 48-6 score in a Pascagoula River Conference football game.

Warriors proved to be too much for the Hawks Friday as he scored five of the Warriors touchdowns. Moran scored all of his touchdowns on short runs, one for four yards, two for one yard, one for three yards and one for five yards. Mike Dobson set up one Warriors' TD with an 80-yard kickoff return. Jeff Fillmore of the Warriors set up another touchdown when he in-

The Warriors got their extra points on four kicks by John DeCoteau and a two-point conversion on a pass from Rocky Genna to Rocky Raymond.

The Hawks scored their only TD of the game in the first quarter when Mike Hard took the ball in from one-yard out. The TD climaxed a 71-yard drive in 10 plays. The extra point attempt was no good.

Next Friday the Hawks will host Vancleave.

## FREE SKI BROCHURE

What does it cost to take a skiing vacation to the Alps, Rockies or Sierras? It depends mainly on the type of accommodations, whether meals are included, type of air fare and whether you choose the low, regular or high season.

Ski trips, such as those offered by major airlines, enable skiers to pick a trip best suited to their pocketbook. The additional convenience of having accommodations, transportation and other necessities arranged before leaving eliminates the hassle and leaves more time to enjoy the whole trip.

A free 13-page brochure is available from Trans World Airlines detailing ski trips to Western U.S. and Swiss, French, Austrian and Italian alpine areas. It includes sample air fares, hotel costs, area descriptions, and benefits included in a variety of packages. Write TWA Getaway - Adventures Ski, Box 807, Farmingdale, N.Y. 11735.

There has been a touch of winter for the past few days. Over the week end it was really chilly at night and in the early mornings, making fishing much better with speckle trout, white trout, reds and sheepshead being caught in most of the favorite fishing spots. Bass were also caught especially up Pearl River way. They are still hitting surface baits but are being gotten mostly on under-water baits such as black gnats and spinners with pork rind plus artificial lures. When the weather is real cold live bait such as minnows, cray fish, shrimp, etc., disappear and the speckled beauties will hit any things that resemble live bait. The same thing goes for red fish and flounders. Catching flounders and red fish on the fly rod is not an unusual feat this time of the year. Smoky Shrimp are an excellent artificial bait for flounders when dragged on the bottom in shallow water. There are hundreds of lures such as Marilies, Rebels, Thin Fins, Side Winders, etc. that will catch speckle trout when trolling and casting. A Shad rind when used with a cork is also effective. Casting from the bank pays off in outside waters and the canals down Bayou Caddy way. If you haven't tried trolling from a boat for specks, try it. It is an easy and effective way of getting them.

Hunting in earnest will start for rabbits and squirrels next Saturday, Oct. 28th. With the opening of the second segment of the dove season in November, geese in October, ducks in December and other water fowl hunters will have until February to get their fill of hunting. Then there is the deer and turkey seasons following.

It is a wrong idea that ducks come South just on account of cold weather. They come seeking food on account of their feeding places being covered over with ice and snow.

Getting back to fishing Bob Givens and his uncle Elliott Givens of Pearlinton tore up speckles, red fish and sheepshead one day last week. They were fishing in Middle River in the Pearlinton area using dead shrimp. Bob said they were hitting like no body's business. Of course the Givens know their stuff about catching fish.

Pete Garcia has been salt water fishing. Pete said he caught some nice speckles and croakers. The specks were caught on shad rigs.

Donald Compretta, son of Tony Compretta loves riding horses. He has three of his own. Amy the girl of the family has her own Shetland pony. Donald also loves to fish. Tony says he keeps busy taking care of his cattle, using his tractor and tending to his garden.

Two ardent fishermen are Eddie Blaize and his wife, Rita. They do mostly salt water fishing and get their share of the finny tribe besides catching soft crabs and flounders when they are in season.

Don Edwards, J.P. Compretta, and Bubba Dean, play golf at Pass Christian Isles. Bubba said it's a question of old over young which decides the winners. You are right, buddy.

Bob McCluskey and Bill Luhrs, Jr., do both fresh and salt water fishing. Think they are best with salt water fish. Bill, Jr., is the son of "Wild Bill" Luhrs ex-pitcher of the Pittsburgh Pirates in the early

1900's. Was a pleasure seeing Manuel Richardson who was over last week for his mother's funeral. Manuel when younger paddled me while I was fly fishing. He is now an ardent fisherman and pilots airplanes.

Larry Dessommes is retired and does plenty fishing. He is mostly a salt water fisherman. His fishing partner Gordon Stone, who is also retired, caught a 4-pound Spanish Mackerel the other day. Years back Spanish Mackerel were caught off the Railroad and Hi-way bridges. Things do change, don't they?

If you want to have a good time don't forget the Hancock County Fair and Livestock Show. The fair will begin October 30 and end Nov. 4th.

Another sign of coming cold weather. Mrs. Frank Haman called the other day and said she saw a flock of geese flying over her house. Mrs. Haman fishes and is interested in water fowls. Loves warm weather. Originally from up north. Thanks for the information, Mrs. Haman.

Good news to learn that William Meyers Colmer of Mississippi is retiring from the U.S. Congress after serving 40 years. Bill, Congressman Paul Maloney of La., and Senator Pat Harrison honored me by letting me play golf with them at the Old Pine Hills Golf Course about 25 years ago. Congratulations and a continued happy life, Bill.

Michael J. Carver, oldest son of Clifford Carver was thrilled when he landed an 8 pound red fish from the rocks around the American Legion Pier Sunday morning, Oct. 22nd. Michael loves to fish and goes whenever he can.

Arthur Miller, Nicky

SPORTSMAN OF THE WEEK: Johnny "Galute" Favre is one of our best old time fishermen. He caught fish commercially and sailed 2 masted schooners for shrimp before they had engines. He began shrimping at the age of 19. Has plenty interesting stories about fishing he can tell.

Demoran with Carl Banderet were found after being lost out in the Louisiana Marsh one day last week. All were ok and returned to their homes unharmed.

Mr. and Mrs. Cliff Carver and family all fish from the American Legion Pier and enjoy it. They do pretty good catching fish and crabs. Cliff is the son of Jerome Carver. He works on the Hi-way bridge.

Did you know that you can make your own Pork Rind which is used when fishing? Get a piece of pork salt side, cut off the rind, slice in small strips and keep in Formaldehyde. Pork Rind is used when fly fishing and casting with black gnats or other baits. It is effective also for catching flounders on the bottom. Use just with a hook and small sinker for dragging for flounders.

The heavy rain of Sunday night was unusual. It was needed for gardens and fishing. Fish always bite after a rain. It mixes up the water which is sometimes too clear when there is no rain.

MISS LORRAINE BATTAYA OF BILOXI ACCEPTS KEYS TO NEW CHEVY NOVA FROM FRITZ PERANICH SALESMAN AT TURAN-LANE CHEVROLET. After shopping several places Miss Lorraine Battaya stopped in at Turan-Lane Chevrolet in Bay St. Louis and was greeted by salesman Fritz Peranich. After being shown the large selection of new cars Miss Battaya picked out the one she liked and got a very good deal. Fritz Peranich has been selling new cars for over 50 years and he thinks that the 1973 Chevys are the best yet and he invites all of his old friends and new ones alike to come in and get acquainted with the 1973 Chevys at Turan-Lane Chevrolet in Bay St. Louis.

## ATTENTION DOVE HUNTERS!

DID YOU HAVE GOOD SHOOTING DURING THE FIRST SEASON? WOULD YOU PREFER TO HAVE THE FIRST SEASON OPEN LATER?

We are preparing a petition to be presented to the Mississippi Game and Fish Commission, telling them that the licensed dove hunters in Southern-most Mississippi want the first segment deferred to October 1st but not shortened. If you agree please sign the statement below, which will be attached to petition, and mail to:

smart? By experience, practice, and going. Fish are not as dumb as we think they are. They know where to go for food feed when they want to and on what they want. When cleaning fish, watch what they are feeding on. It pays off in the end.

Local hunters are anxiously awaiting next Saturday when the squirrel and rabbit seasons open. Among them is Kenneth McCarty who is an expert squirrel hunter. He and his friends are planning a camp out for the weekend.

Bubba Heitzmann one of our best fishermen and flounders for years has slowed down as he put it. Not as young as I used to be, he said. He still gets his share of fish and game, however.

Now that the world series has ended there should be plenty fishermen and hunters on the waters and in the fields this coming weekend. Don't worry there is plenty room for all in this section of the country. Plenty water and plenty woods.

### YACHT CLUB OPEN

## Neighborhood Ecology Center

Smog - is killing 1.7 million trees in San Bernardino National Forest, sixty miles east of Los Angeles. (New York Times, 1-4-70)

No Clean Air - The last vestiges of clean air noted by the Atmospheric Sciences Research Center was near Flagstaff, Ariz., but it disappeared six years ago when air pollution from the California coast reached the northern Arizona city. (Syracuse Herald Journal, 12-21-69)

Flammable water - "...the Cuyahoga River in Ohio is so overrun with volatile industrial discharges that last summer it caught fire and burned two railroad trestles." (Newsweek, Jan. 28, 1970)

Fish - "In the fall of 1968 a group of conservationists inspected the Mississippi by boat in the vicinity of St. Louis. The men were shocked to see more than 100 pipes pouring untreated sewage directly into the Mississippi. Water samples taken from the river below St. Louis were found to be so toxic that even when diluted ten times with clear water, fish placed in the mixture died in less than one minute. When the samples were diluted 100 times, the least fish still perished within 24 hours." (Our Polluted Planet, p. 38)

Disease - "Harry P. Trimmer, Director at the Tuff Antitary Engineering Center (Cincinnati reports): A few years ago the only water born diseases were hepatitis and typhoid. Today there are over one hundred." (Our Polluted Planet, p. 38)

ster waste - Nationally, the government estimates that the food, textile, paper, metal, machinery and transportation industries spill a trillion gallons (26,000,000,000) of waste water annually. (Newsweek, Jan. 28, 1970)

Oxygen - "Each year the U.S. alone produces over 1,000,000 acres of oxygen producing trees." (Time, Feb. 2, 1970)

Health - Violent noise, such as sonic booms, may have permanent damaging effects on unborn babies. (New York Times, 12-28-69)

Homes - In the home, the noise level is just about doubling every ten years. (New York Times, 11-23-69)

Burial - The Atomic wastes burial ground at Hanford, Washington encloses 575 square miles where no one is allowed to live or trespass. (Lord Ritchie's, Alder, Foreign Affairs, Jan. 19, 70)

Amounts - In 1966, an average American in three years away: 118 pounds of paper, 250 metal cans, 135 bottles and jars, 338 caps and jugs, \$2.50 worth of miscellaneous packaging. (89th Congress Subcommittee on Science, Research, Development: The Adequacy of Technology and Pollution Abatement, 1966)

Resistance - "In Louisiana, synthetic insecticides were introduced to control pests on

cotton, rice and sugar cane crops. But now 15 major insect pests have developed resistance to the insecticides. Two of them cannot be controlled by even the most advanced insecticides." (Barry Commoner in address to Audubon Society)

Population optimums - The optimum population the earth can support is six to eight billion people and that figure will be reached by 2000, even if present population trends recede. (Dr. B. Commoner, Director, Center for Natural Systems Study, Wash. Univ. 12-12-69)

States unwanted births account for 35 to 40 percent of the population growth according to Dr. Charles Westoff of Princeton University. (N.Y. Times, Nov. 7, 1968)

The preceding was taken from a fact sheet called "Environmental Rape", compiled by Dr. Robert Bell,

### Trent Lott's stand on the nation's economy proves that he is a conservative in the Colmer tradition.

Continued inflation is the greatest danger our country faces today. I strongly support President Nixon's policy of continued fiscal responsibility to bring this evil under control.

The right of every South Mississippian and all Americans to a balanced and stable national economy must be provided by the leaders of their government. I pledge to work unendingly in Washington to help protect that right and insure growth and prosperity for the people of the Fifth District. As Congressman Colmer's administrative assistant in Washington the past four years I have had valuable experience toward this end.

If you want to help President Nixon in his efforts to curb inflation and balance the economy, send Trent Lott to Washington!

### PTO Holds Meeting

Our Lady of the Gulf PTO met last Thursday evening at the school with Very Rev. Gregory Johnson, pastor Our Lady of the Gulf Church, offering the devotional and David Treutle, president, conducting the business session.

Mrs. Donald Corr gave a report on the recent lunch box and muffin sale and Mrs. Phil Kergosien, PTO delegate to the School Board, gave a resume of the last board meeting. Reports were also heard from—Donald Corr, Parish Council delegate, and Mrs. M.J. Gleber, room mothers chairman.

Mrs. L.H. Ott, who served last year as chairman of OLG Busy Bee Junior Garden Club sponsored by Bay-Waveland Garden Club, announced the Busy Bees had won a first place state award in horticulture; a second in landscaping and a second for their

year book for the past year and that Bay-Waveland Garden Club had received a national award for their activities with youth.

Further plans for the penny party to be staged October 31 from noon to 5 p.m. on the school grounds were discussed. The affair will be open to the public.

Following the business meeting Sister Patricia, principal, invited members to visit the classrooms.

The attendance prize went to Mrs. Patrick Murphy's second grade. Madames Levene Garcia, Fred Cabell and Donald Strong were hostesses for the social hour.

**INFANT BAPTIZED**

John Robert Ladner Jr., infant son of Mr. and Mrs. Ladner Sr., was baptized Sunday in Our Lady of the Gulf Catholic Church with Rev. Michael Treacey, associate pastor, officiating.

Godparents were a paternal uncle, Bill Irwin of Long Beach, Miss., and a maternal cousin, Miss Laurie Ann Calamari of New Orleans.

Following the ceremony a family gathering was held in the Ladner home.

### Echoes

Mrs. Albert Marx has returned from New Orleans where she spent the last few days with her cousin, Mr. David Burns.

Mr. and Mrs. Robert McMahon and daughter Michelle of Metairie, La., visited over the weekend with her mother Mrs. Lydia Favre and family.

Week-end guests of Mr. and Mrs. Warren Buchler and family were their son-in-law and daughter Mr. and Mrs. Lionel Fayard and son Kevin of Metairie.

**LOGTOWN CEMETERY.**

The annual Logtown Cemetery cleaning will be held all day Saturday, October 28. Those interested in helping are asked to come to the cemetery with the necessary tools.

## Miss Ferrell Weds Gerald Price III

St. Clare Catholic Church, Waveland, was the setting for the wedding at 2:30 p.m. Sunday, October 22, of Miss Gwendolyn Ann Ferrell, daughter of Mr. and Mrs. H. Lee Ferrell, and Gerald V. Price III, son of Mr. and Mrs. Price Jr., all of Waveland.

Rev. Magr. John Scanlon, pastor, performed the double ring ceremony before an altar decorated with arrangements of yellow and golden mums and wheat.

Mrs. Terrence Asher, organist, played the theme from Love Story and a number of appropriate selections.

Given in marriage by her father, the bride wore a regal gown of silk organza. Reembroidered chantilly lace blossoms adorned with pearls accented the empire style bodice fashioned with a sweetheart neckline and fitted sleeves. Additional appliques of matching lace were scattered over a soft flowing skirt that swept to a chapel length train. Her elbow length veil of illusion fell from a headpiece of petals outlined with pearls. She carried a bouquet of yellow roses and white mums.

Mrs. Gregory Hinkkanen served her sister as matron of honor. Bridesmaids were Mrs. Melbourne Johnson, sister of the groom and Mrs. Ronald Ferrell, a sister-in-law of the bride. Miss Dieder Ferrell, niece of the bride, was flower girl and Paul Hinkkanen, a nephew, was ring bearer.

The maids wore moss green bonded crepe empire A-line gowns fashioned with round necklines and long sleeves. They wore wide brim green hats with matching velvet streamers and carried baskets of golden and yellow mums. The flower girl was attired in a floor length light green empire style dress and carried a basket of autumn flowers.

Gregory Hinkkanen served the groom as best man. Groomsmen were Ronald Ferrell, brother of the bride, and Melbourne Johnson. Tommy Hayes and Charley Barracks served as ushers.

Following the ceremony a reception was held in Costello Hall.

The bride's table, overlaid with a lace cloth, was centered with a five-tiered cake.

**CELEBRATES BIRTHDAY**

August (Parain) Perre celebrated his 93rd birthday October 10 with a family dinner at the home of his son and daughter, August Perre Jr. and Mrs. Richard Boudreaux.

Attending were his son Henry Perre of New Orleans; another daughter, Mrs. Anna Mae Strong of this city; his granddaughters, Mrs. Leroy Asher, Mr. Asher and children Lisa Ann and Roy and Mrs. John Smith and children David, Karen and Steve, all of this city; also Miss Edna Haupt of New Orleans.

trimmed with cascades of yellow spun sugar roses and pale green leaves. A traditional bride and groom ornament decorated the top tier. Silver candelabra and autumn blossoms completed the table decorations.

Mrs. Eldred Schmidt, Pineville, aunt of the bride, presided at the cake table and Mrs. Victor Jerone, Pineville, cousin of the bride, kept the guest register.

The mother of the bride received their guests wearing a pink crepe and crocheted dress, gold accessories and an orchid corsage. The mother of the groom chose a blue crepe dress, matching accessories and an orchid corsage.

For traveling the bride wore a green and maroon suit with matching accessories. An orchid corsage completed her ensemble.

The bride is a 1972 graduate of Bay Senior High School. The bridegroom, a graduate of St. Stanislaus, attended Jefferson Davis Junior College.

Upon their return from a wedding trip to Florida the couple will make their home in Waveland.

**MR. AND MRS. CHARLES J. LADNER** of Bay St. Louis, announce the approaching marriage of their daughter, Carmel Marie, to John Lewis Bufkin, son of Mrs. Faye Bufkin, also of this city, and the late John Bufkin. The marriage will be solemnized at 3 p.m., November 4 at Our Lady of the Gulf Catholic Church. A reception will follow in O.L.G. Parish Hall. Relatives and friends are invited through this medium as invitations will not be issued.

**VOLUNTEER MEETING**—Clermont Harbor Volunteer Fire Department will meet at 7:30 p.m., Wednesday, November 1, at Ladner's Grocery, Clermont Harbor. All members are urged to attend.

Mr. and Mrs. Anthony Pitale Jr. announce the birth of their fourth child and second daughter, Cynthia Clare, October 21, at Gulfport Memorial Hospital. She weighed six pounds, eight and one-half ounces.

Mrs. Pitale, the former Patricia Poolson, is the daughter of Mr. and Mrs. Charles Poolson of Bay St. Louis. Mr. and Mrs. Pitale Sr., also of this city, are paternal grandparents.

**your vote**

**...is part of your American Heritage**

Our right to vote is a sacred trust and should be used accordingly. Our great country of America will be a Republic — only so long as its people can vote FREELY for the candidates they think will govern best.

Over 50 years ago, Woodrow Wilson said in his Seventh Annual Message to Congress, December 2, 1919 . . . "The instrument of all reform in America is the ballot."

So true then, and even so today. More than one hundred million American citizens are of voting age. Unfortunately, many of those have NEVER voted. These indifferent citizens, who are too lazy to vote, throw away one of their most precious rights.

Don't neglect your duty to cast your choice in ANY election . . . It's part of YOUR AMERICAN HERITAGE!

## Trent Lott isn't a Republican. He's a quitter.

Trent Lott has deserted the Mississippi Democrats, and wonders why Ben Stone hasn't done the same.

The reason is simple.

Historically, the Republican Party has been and remains the party of America's wealthy and powerful elite.

And for as long as any of us can remember, the Democratic Party has been the party of the little man—the salaried worker, the farmer, the small businessman, the policeman. Most of us call ourselves Democrats, and rightly so.

For decades Mississippi's most distinguished public officials have been drawn from its ranks. Many have risen to national prominence, where they have played and continue to play major roles in this nation's voyage through history.

But this year many of us are angry and resentful. Control of our party has been wrested from us by an element we simply cannot support.

Thus, many Democrats will vote for Mr. Nixon on November 7th.

But few of us will desert our Democratic heritage. And that's where we differ from the Trent Lotts of this world.

Now more than ever we need Democratic fighters—strong men like Stennis, Eastland, Wallace—men who don't give up when things don't go their way; the kind of Democrats who'll fight to return our party to us.

Ben Stone, like most of us, is a dissatisfied Democrat. But he's still a Democrat. He won't surrender his party to McGovern—or anyone—and he won't desert us. Defection is the stratagem of the weak, and Ben Stone is a fighter.

Trent Lott is neither so committed nor so strong. The battle has not gone his way, and he has deserted to the other side. The political wind has changed direction, and he has changed labels.

Trent Lott is not a Republican; he's a quitter. And that's the last thing we want in our seat in Congress.

## TENDER LOVING CARE

News From  
Hancock General Hospital

Service Pin Contest was a big success. First prize went to Mrs. Laura Munn, second prize Mrs. Jenny Rhodes, and third prize to Mrs. Betty Coburn. Thanks to all who contributed!

Business office has a new member among their ranks - Sheryl Bell. Also, HGH will soon be welcoming three new R.N.'s - two as part-time and one full-time.

Nurses' Aid course, under the direction of Mrs. Irma Day, was recently begun. Ten

students are participating in the 12-week program. Want to take this opportunity to wish them well!

Staff Development, a Continuing Education Program, set up for HGH employees will feature a program on SAE TV during the coming sessions.

Specifications are now being drawn up for a Telemetry Monitor. This will be a valuable instrument in promoting better cardiac patient care.

The work consists of furnishing all labor, tools, equipment, materials and performing all work in accordance with the Specifications and Contract Documents as set forth in the above Contract for construction of sheet pile bulkhead with concrete cap and tieback system; placing compacted shell and sand fill materials behind bulkhead; and site grading in the West Hancock County Harbor and Industrial Area.

Copies of all Contract Documents, Drawings, and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, may be examined and obtained at the office of Hancock County Port and Harbor Commission, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable.

Bids submitted shall be on the prescribed forms furnished. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above. Each bidder must deposit with his bid security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5 per cent) of the Total Base bid. No bidder may withdraw his bid within thirty (30) days after actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

All bidders must be licensed by the Mississippi State Board of Public Contractors and the bidder's license number and Certificate of Responsibility Number shall be indicated on the outside of the envelope. No bid will be opened unless the Contractor is so licensed and the envelope is so marked.

## Community Mental Health

by RAY COXE  
COASTAL MENTAL HEALTH CLINIC

The Coastal Mental Health Clinic is your public community mental health clinic, supported financially by county tax millage, the United Fund, and a federal grant. It provides psychiatric services for both adults and children who are residents of Hancock, Harrison, Pearl River, or Stone counties, regardless of family income.

The clinic operates five days a week with its main facilities temporarily located in the Harrison County Health Department building in Gulfport. Construction of a permanent facility will begin soon on a site adjacent to Memorial Hospital in Gulfport. Every Friday a one-day-a-week clinic is open in Bay St. Louis in the cafeteria building at St. Augustine Seminary.

Although psychiatric services are offered for both children and adults, most of the requests for services have been related to adult problems. These problems have ranged in complexity from adjustment problems requiring short term psychotherapy to breakdowns in family functioning requiring family therapy to adults needing referral to and treatment in state mental hospitals.

Approximately a fourth of all calls to the clinic are related to children's problems. Referred are children who may be experiencing learning difficulties in school, those having poor adjustment skills resulting in an inability to get along with other children, and those who are overly shy or inhibited or overly active or aggressive. Also included are many of the problems encountered in work with adolescents.

Appointments for an initial intake interview may be arranged by calling 863-1132 Monday through Friday. During the intake session a clinic staff member attempts to define your particular needs and to answer any questions concerning clinic functioning. Following this initial interview and depending on the nature of the problem, one of several basic types of treatment, either individually or in groups, will be recommended. In most instances psychotherapy has been of short duration, usually six to ten visits lasting 45 minutes each. Medication may be prescribed.

The outpatient program described above is just one of six basic services provided by the Coastal Mental Health Clinic. An educational program including consultations with school, clergy, physicians, law enforcement, and other agencies is offered. Specialized treatment is provided for alcoholism and drug addiction.

Inpatient treatment facilities include reserving a number of hospital beds for temporary care. These beds are reserved through the clinic but must be paid for by

patients. Also available is a day treatment program providing rehabilitation for those needing more extended care, but not requiring hospitalization. Some day treatment patients are taken on field trips and the like in an effort to prepare them for normal daily living. Aftercare programs provide a follow-up for patients returning from mental institutions.

In addition, the clinic maintains a 24-hour answering service with staff members on stand-by for crisis interventions such as preventing possible suicides. Each of the four counties served by the Coastal Mental Health Clinic has appointed a Mental Health Commissioner who works closely with a coordinator from the clinic and an advisory committee from the county. The Commissioner for Hancock County is Dr. M.L. Dodson, and the clinic coordinator is Dr. Ray Cox, who is also the staff psychologist for the Hancock County services. Mrs. Virginia Wheat, psychiatric social worker, also serves as a staff member in the Bay St. Louis clinic.

### RESCUE SCHOOL

A Civil Defense Rescue School, held recently in Gulfport, was sponsored by the Harrison County Civil Defense. Those attending from this area were: Bay St. Louis Police Chief William Carbonette and Assistant Chief Douglas Williams; Bay St. Louis Assistant Fire Chief Robert Andrews and Captain Al Arnold; J. Lee Tackett, Bay St. Louis Civil Defense director; and Lucien Kidd, Hancock County Civil Defense director.

MISS BARBARA JEAN PAYNE was selected by the Pershing Rifles of Alcorn A and M College, Lorman, Miss. to reign as "Miss Pershing Rifle" during the 1972 Homecoming festivities. A sophomore home-economics major and honor student Miss Payne was presented at the P.R.'s recent ball on campus. She is the daughter of Mr. and Mrs. Milton S. Payne of Bay St. Louis.

### INFANT BAPTIZED

Dawn Marie, infant daughter of Mr. and Mrs. Kenneth Stieff, was baptized Sunday in St. Rita's Catholic Church, Harahan, La. Godparents were Pat Bourgeois, maternal uncle, and Mrs. E. L. Stieff, paternal aunt. Attending the christening from Bay St. Louis were the grandparents, Mr. and Mrs. Frank Taconi and their son-in-law and daughter, Mr. and Mrs. Pat Bourgeois and family.

## Scouts Look Forward To Camp Opening

At a dinner recently held in New Orleans a placard read "Cypress District, innkeeper for New Orleans Area Scout." Those who live in Cypress District are proud of the "inns" they keep, Camp Salmen in Slidell and Vee Bar Scout Ranch in North Hancock County.

Camp Salmen has served the New Orleans Area Council for 48 years, providing facilities for year round outdoor activities and then weeks of summer camping. For sometime now boys have had to be turned away because of the lack of available space. The summer of 1973 will mark the opening of the new wilderness camp near Sellars in North Hancock County, with plans now underway to provide seven weeks of camping there and eight weeks of camping at Camp Salmen. That is a total of fifteen weeks of summer camp—an increase of 50 percent over previous year of available summer camping.

The new camp in North Hancock County is a beehive of activity now as preparations are being made to welcome the summer campers. A dam has been built, the lake bottom cleared,

roads have been constructed and a number of buildings completed, including a health lodge, quarter master building, business office and equipment storage shed. The initial phase of camp development will require an expenditure of hundreds of thousands of dollars for goods, services and labor—more as further development progresses. Additional expenditures will be made each year for food and food service during the camping season. Hancock County will also feel the impact of additional dollars spent as families and Scout Units travel through the area on their way to and from the camp site. There was a small sample of this last April when over 3500 Scouts from New Orleans Area Council streamed in from as far away as Grand Isle and Thibodaux, Louisiana for the first Annual Council-wide Jamboree. Over 250 scouts from Cypress District participated in the Jamboree. Eventually over 12,500 scouts will participate in the summer time camping program at Vee Bar. Truly the addition of this new camp will be a tremendous asset to Hancock County and Cypress District.

Scouting is really on the

move in Cypress District. There will be over 1000 boys and girls in the Scouting Program by the end of 1973 in the district. That is a twenty-five percent increase over last year. There is still much to be done however, as only one out of seven boys and girls of scout age are in the program. Only seventy-five of our young people are in the Exploring Program. We hope to triple that number by the end of 1973 with programs to meet the varied interests indicated by career interest surveys made recently on the Junior and Senior High School level.

Scouting is for everyone and in an effort to reach everyone, plans are now being made to organize a troop for retarded children in the Hancock County Area. Just a few years ago Scouting took on a new look when girls were included in the Explorer Program. In September, 1972 a revised program was introduced—including a new Handbook, new uniforming and a more relevant program. Although the program has been revised the purpose of Scouting has not and many of our future leaders will draw their inspiration from the principles of Scouting—principles of

Integrity, self-reliance, service, comradeship, and devotion to America and liberty.

Scouting is one of the great educational forces in America, teaching youth to live fruitfully and responsibly while expanding to them the fun, romance and adventure they naturally seek. It is education and fun purchased for just a few cents per boy per

hour—far below the costs of federal programs or public schools, and paid for through voluntary contributions.

Scouting is a United Fund Agency. The Scouting Program is one that strengthens the present as it builds for the future. Reach for the future—support your United Fund.

STONE

*He Cares . . . He Listens . . . He's Concerned*

# Ben Stone . . .

*is a member of the team working for you!*

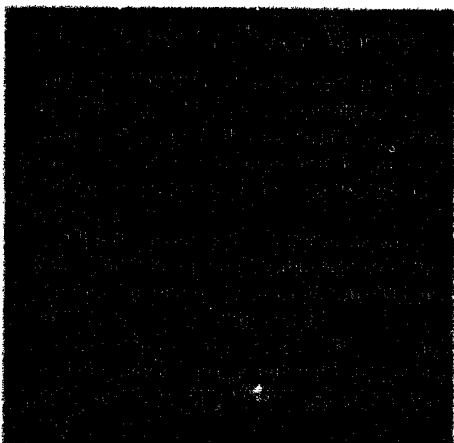

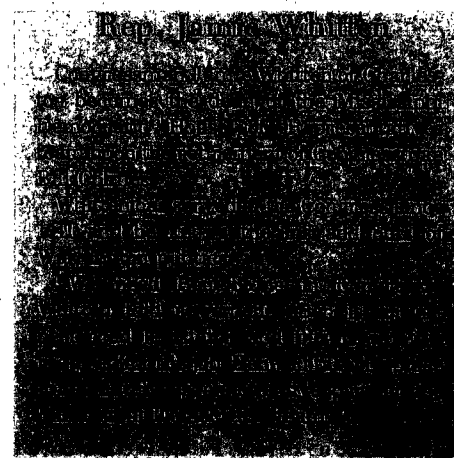

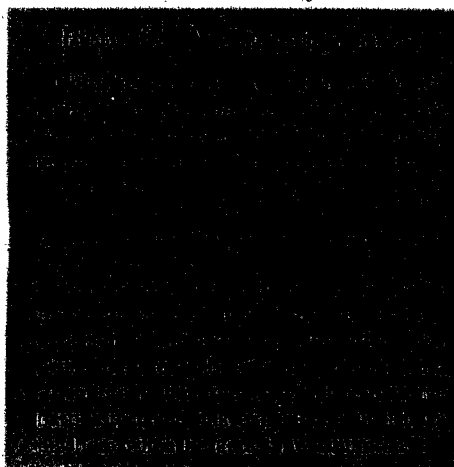

Senator John Stennis, a Mississippi Democrat and chairman of the powerful Senate Armed Services Committee, is an advisor to presidents and one of the most respected members of Congress. "Ben Stone will be a valuable asset to our Mississippi Democratic congressional team and we need him," Senator Stennis said. "It's teamwork that counts in the Congress and Ben Stone and I will work for the best interests of all Mississippians."

Rep. Wilbur Mills, an Arkansas Democrat and chairman of the committee which dispenses committee assignments, has talked with Ben Stone and expressed an interest in his campaign. "Ben is the type person the Southern Democratic team needs," Rep. Mills said, "he's got legislative experience and knows how to handle himself. I'm looking forward to working with Ben Stone and will use my influence to secure choice committee assignments for him."

It's important that a Congressman be able to work with elected State officials. After all, many of the programs Congress will vote on will touch the lives of all Mississippians. Ben Stone has worked with me and officials at all levels during his five years as a State Senator and, of the two candidates, only Ben Stone can claim such experience.

Teamwork is what it's all about in Congress. Either you're part of the team or you're not. For the past 20 years Southern Democrats, including our retiring 5th District Congressman Bill Colmer and Senators Eastland and Stennis, have sounded a powerful voice in the Congressional halls.

Presidents have come and gone, but Mississippi's leadership has remained. There are some among us who would weaken that voice and divide the delegation into two camps. If this happened the people of the Northern industrialized states would rejoice because all committee chairmanships, including the Senate Armed Forces Chairmanship held by John Stennis, would go to their area.

**NOT A SINGLE COMMITTEE CHAIRMANSHIP WOULD REMAIN IN THE SOUTH-EAST IF THE MAJORITY DEMOCRATIC PARTY WERE TO LOSE ITS CONTROL.**

Ben Stone is a member of the Mississippi team, and only a member of the team can effectively represent his people.

Senator James O. Eastland, a Mississippi Democrat and President Pro-Tem of the U. S. Senate, is third in line for succession to the presidency. In this role he receives daily briefings from the White House. Only Ben Stone will be able to join with Senator Eastland because, of the two candidates in this general election, only Ben Stone is a Mississippi Democrat, the same party to which Senator Eastland belongs.

Rep. Bill Colmer has served the 5th District for 40 years and has been a proud and distinguished member of the Mississippi Democratic Party. Congressman Colmer is also chairman of the Rules Committee, the most powerful committee in Congress. It's interesting to note that only members of the majority party can serve as committee chairmen. If Rep. Colmer had been a Republican instead of a member of the Mississippi Democratic Party he would never have served a single day as chairman of ANY committee.

# Ben Stone . . .

*a man you can talk to!*

The people of the 5th District want a congressman who has legislative experience gained in the halls of the Mississippi Senate. Only Ben Stone has that experience.

A Congressman's job is to represent his people.

Nothing more, nothing less. It's the principle on which this country was founded: representative government.

When you cast your ballot for a Congressman you're in effect joining with your neighbors to employ a man to represent you. And just as when you pick a doctor or lawyer, you want the best.

Ben Stone is the only man in this race who has ever had legislative experience. He's the only man who has ever handled a bill on the floor of a legislative body and steered it to passage. Ben's record of five years in the Mississippi Senate is public record, and a record of which he is proud. No one, not even his opponent, can find fault with Ben Stone's record of service to the people. He has served them well.

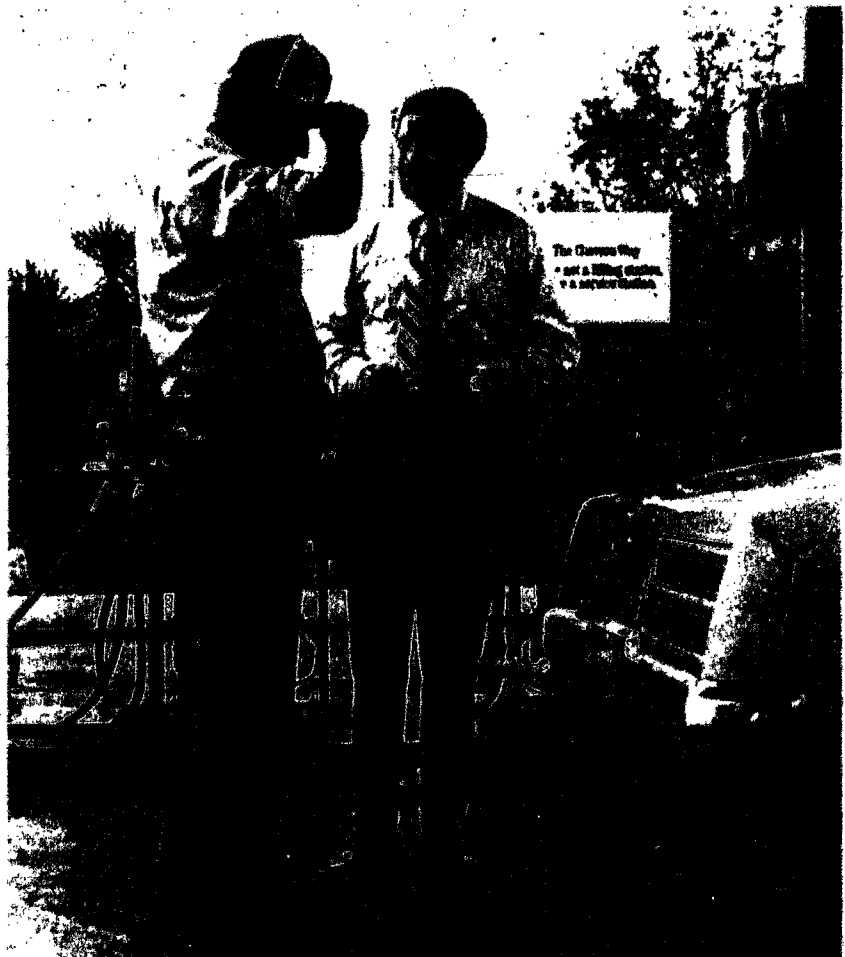

Now, Ben Stone wants to continue that service to the people of this district as your Congressman. Ben Stone wants to go to Washington and represent you in a dignified, professional and effective manner. Ben Stone is the only candidate who can show you what he has done. Ben Stone stands on his record of service to Mississippians, not a platform of promises.

Senior citizens are dependent on their Congressman to help them with social security and veteran's benefits. Ben Stone's record of service is a proven record. He has been working as a legislator for over five years. Perhaps that's why so many citizens of all ages are working to elect Ben Stone.

Ben Stone, at age 37, has maturity yet is youthful enough to gain seniority in Congress. Young voters say he listens to their problems and he cares. There's no generation gap with Ben Stone.

The working man is usually the man who is asked for the vote and then, once the politician is elected, he's the first to be forgotten. Ben Stone remembers who put him in office—the worker. Ben has fought for the working man and woman for five years as a Mississippi Senator. It's public record...Ben Stone cares.

# He Knows The Job Of A Legislator He Is One

At a youthful 37, Ben Stone's popularity among 5th District voters is already beyond question.

Since 1967 he has been a candidate in five elections and has won them all.

Now in his second term as a state senator, Ben has within the past six months emerged the winner in two hard-fought congressional primaries.

Such resounding votes of public confidence come as no surprise to those familiar with his record of public service. He has demonstrated that he is more than a legislator...he is a leader, in the most dynamic sense of that much-abused word.

Ben Stone will make a good congressman because he is a responsive, responsible leader...because he listens, and his care and concerns are expressed in action; and because he already knows the job of a legislator.  
He is one.

## *is concerned about the working man!*

High taxes concerned many working men and women Ben Stone talked to during his campaign. And, Ben Stone is going to do something about that when he gets to Washington. He's already made contact with leaders such as Congressman Wilbur Mills, an Arkansas Democrat and chairman of the Ways and Means Committee. "It's time we stopped kidding ourselves," Stone said. "The man and woman who work to feed and clothe and educate their children are the backbone of our nation. I plan to work with our Southern Democratic Team and see that these people get some tax relief."

Ben Stone confers with Gov. George Wallace about the 5th District Congressional race. The governor, although still suffering from his wounds, took time from a busy schedule to talk with Ben and express support for his election.

Ben Stone led nine highly qualified individuals in this summer's Mississippi Democratic primaries. He was successful because he carried his campaign to the working man and woman. He wants to represent all the people, not just the privileged few.

Now, Ben needs your help again. Although he's already gone through two elections he must face still another challenger in the November 7 general election.

The working men and women of the 12 counties of the 5th District put Ben Stone on top in two elections and they'll do it again. Then Ben Stone will be your Congressman, but the bread-winner and family will be the big winners because they'll have a voice that will be heard in our nation's capital.

If jobs aren't available in this area then a worker has two choices: move or go on welfare. A Congressman can do much to enhance the economic development of his district and no man is better equipped to do the job than Ben Stone. He has served as a member of the Research and Development Center Council and is familiar with what's going on. Ben Stone won't have to sit down and learn about economic development and how to attract industry. He's already on the job.

Transportation is important to any economy, but to the 12 counties in the 5th Congressional District an adequate system is critical. Who but Ben Stone has put his shoulder to the plow and helped obtain improved transportation facilities for this area? Ben Stone has supported legislation to improve roads and provide means of transportation for manufactured products, forestry and farm products so vital to our district and economy.

# Ben Stone . . .

*his only obligation is to you!*

When you vote for a congressman, you're voting for the man, not his family. After all, it's the man who will cast your vote and represent you. But knowing something about the family gives you an indication of the type of man this is. Ben Stone is married to the former Nancy Reed of Gulfport and they have three girls, Virginia, 9, Kathleen, 7, and Nancy, 13. The Stones are hard-working people. Ben's parents taught him the values of hard work, and now Ben Stone wants to work hard for you.

## Pick Your President Then Vote Ben Stone; Each Race Is Separate

Many people have asked if they can vote for President Nixon and Ben Stone.

The answer is yes.

Mississippi's voting laws allow each race to stand on its own merits. You may choose anybody to your liking for President and then vote for Ben Stone for Congress.

Despite rumors to the contrary, you're under no obligation to vote for a party label.

"I've had a lot of people come up and ask me who I was supporting for President," Ben Stone told newsmen, "but I'm not going to be drawn into the presidential race. This is something for the people to decide and Ben Stone will work with whoever they pick."

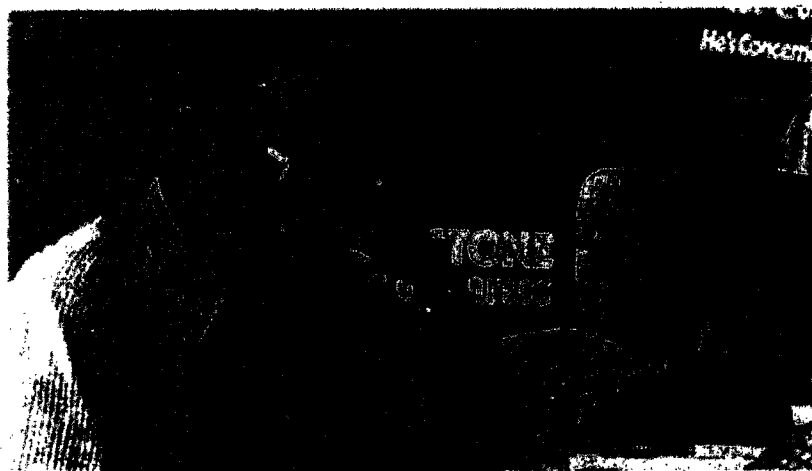

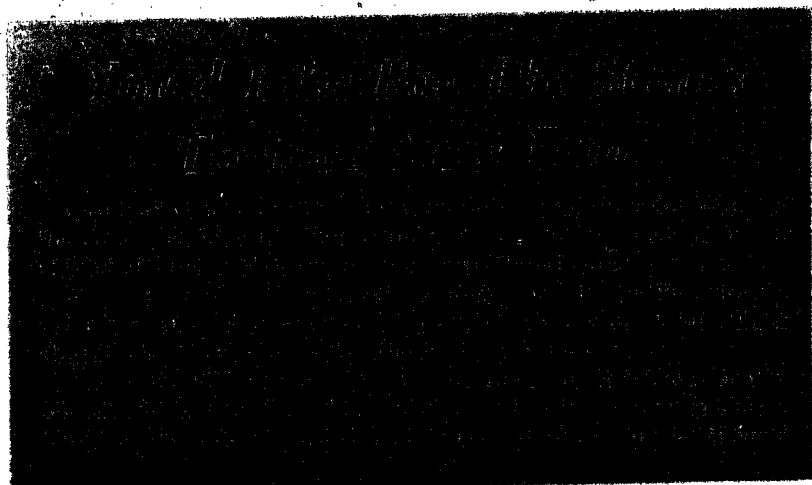

Stone said he was running for Congress to represent the people in the twelve counties of the 5th District and not for the presidency.

"I will support or oppose a president's program because it is right or wrong for you, the people of this district," Stone said. "I will not be any president's man, Democrat or Republican."

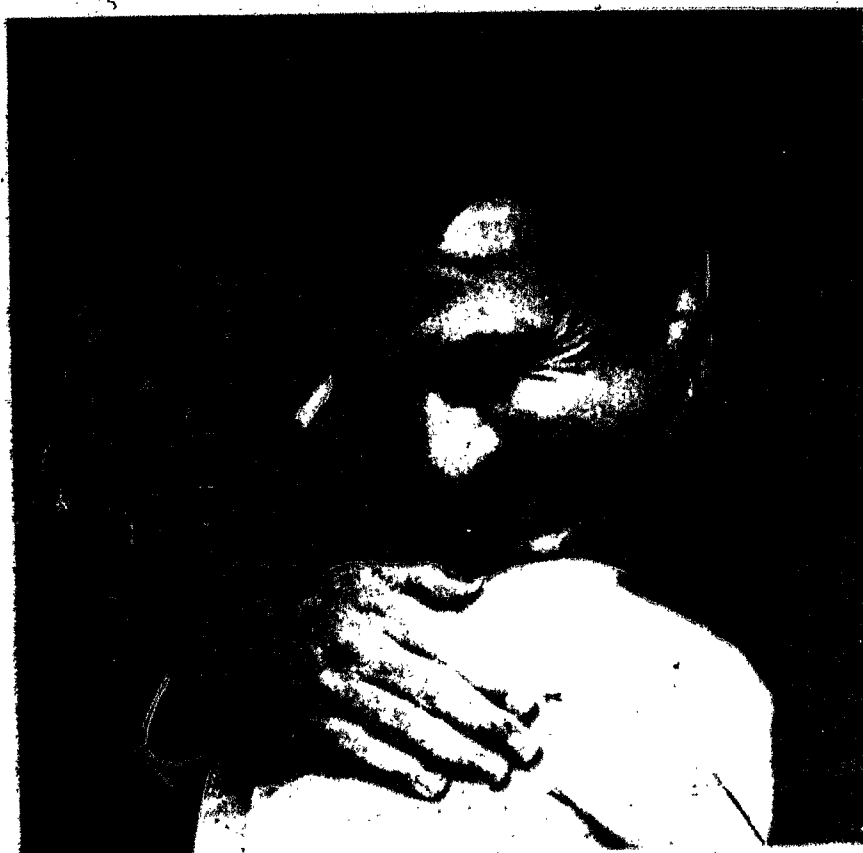

"Your Congressman's job is to represent you, the people of Jones, Wayne, Lamar, Forrest, Perry, Greene, Pearl River, Stone, George, Hancock, Harrison, and Jackson Counties—not to blindly support a president's program," Stone said.

"I think the good people of our district will resent any attempt to ride the coattails of a presidential candidate or any out-of-state political figure," he added.

Stone repeated you can vote for any presidential candidate of your choice and then mark your ballot for Ben Stone.

Ben's Father, Harry Stone, is an active worker in his son's campaign. Mr. Stone taught Ben the values of hard work and fair play.

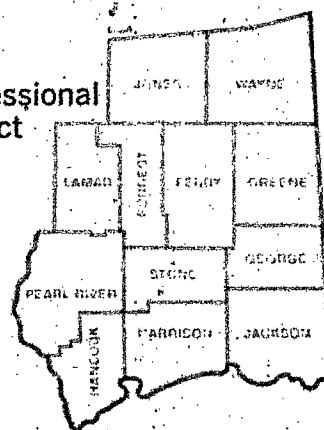

This is the way it was when Ben Stone won the Mississippi Democratic nomination for Congress. Ben's mother, Mrs. Tressie Stone, showed her mother's pride. The Stone family is close and Ben attributes his interest in serving his fellow man to his early childhood training.

# BEN STONE for Congress He's Concerned.

5th Congressional District

## This is what it's all about . . .

"Not since Bill Colmer went to Congress as a Mississippi Democrat 40 years ago has there been such an important crossroads in State politics," Ben Stone told newsmen. "This is a time when experience and seniority are crucial to the people of Mississippi."

"This State--and the entire Southeast--have long relied on the power and influence of Democratic Congressmen to stave off presidents and bureaucrats intent on serving the interests of large Northern industrial states at the expense of our people."

"Now, however, three of our five Mississippi Democratic Congressmen are retiring after long and dedicated service. No freshman Congressman, including Ben Stone, will be able to step into Bill Colmer's shoes as chairman of the Rules Committee, the most powerful committee in the entire Congress. That takes long and faithful service as a member of the Mississippi Democratic Party."

"But, there are those among us who would divide this State and put members of a party other than the Mississippi Democratic Party into the Congress. This would mean a further weakening of the State's power and influence because the Congressional delegation would be split into two camps. The seating arrangements of the House and Senate even require that members of opposing parties sit on opposite sides of the chamber."

"No longer would this district's representative be in the same camp with such distinguished members as Senators Stennis and Eastland and Congressman Jamie Whitten and G. V. (Sonny) Montgomery, all Mississippi Democrats."

"In fact, if the opposition party succeeds in becoming the majority party in Congress, there won't be a single committee chairman from the Southeast. All of the Committee chairmen would come from the Northern states. For example, Senator Stennis' chairmanship of the powerful Senate Armed Forces Committee would pass to Margaret

Chase Smith of Maine who tried to take a large government contract from Ingalls Shipyard in Pascagoula to a yard in her home state. She placed in the Congressional Record the following quote, "The 20,000 Litton employees are 'rednecks' who are hardly skilled in even the art of welding, let alone the intricacies of detailed shipbuilding."

"Ben Stone will be part of the team that gets the job done for Mississippians."

## BEN STONE

### This is my position . . .

- **FULL TIME DISTRICT OFFICES WILL BE OPENED:** I will open appropriate full time district offices and during congressional recesses I will visit each county to discuss our problems and seek your advice and council on the problems affecting you and the Fifth Congressional District.
- **IMPROVED VETERAN SERVICES:** I will work for recomputation of retirees pay...retired survivors benefits plan...raise in VA compensation with an automatic cost of living increase and increase in facilities and strength of all military installations in the District.
- **WELFARE LAWS:** I believe that the **DESERVING POOR** and **TRULY NEEDED** on welfare must have enough to meet their needs and the needs of their family.
- **THE 5TH DISTRICT MUST SEEK AND ATTRACT INDUSTRY:** I pledge full cooperation with state, area, local and private groups seeking to bring industry to the 5th Congressional District.
- **GUN CONTROL:** I am opposed to gun control in any form.

- **BIKE TRAILS:** We need to develop bike trails in our scenic and beautiful National Forests.

- **JOBS:** Every year vast sums of money are appropriated for education and I propose that a larger part of these funds be earmarked for vocational and technical education programs that will train our citizens for better paying jobs. Mississippi can turn the potential school dropout into a productive citizen and provide a skilled labor force.

- **INFLATION:** I will vote to curb unnecessary spending in the belief that inflation must be checked by curtailment of expenses rather than by tax increases. As a state senator I have constantly worked to maintain a balanced budget.

### This is my creed . . .

"I believe each man must have a deep and abiding faith by which he lives. I believe in God and my country. Our nation, state and the 12 counties of the 5th Congressional District in which I have been privileged to be born and live has been responsible for my health, liberty, and happiness. Each man owes a great responsibility to repay that debt. I consider it a personal privilege of the highest order to do so through service as your representative in Congress."

Ben Stone, 37, graduated from Tulane University and received his Law Degree (LL.B., J.D.) from the University of Mississippi. Following a tour of duty with the United States Air Force, Ben Stone returned home to practice law. In 1968, Ben was elected to the Mississippi State Senate. He is presently serving his fifth year and is chairman of the Senate Committee on Banks and vice chairman of the powerful Judiciary "A". He also serves on the following major committees: Appropriations, Insurance, Federal and Interstate Cooperation, Local and Private, Public Utilities and Marine Conservation.
